SPECIFIC PARTICIPATION RULES FOR EXHIBITORS

1. CONTRACTING AND ALLOCATION SPACES

1.1. How to become an exhibitor at Puericultura Madrid 2018

Only those companies, institutions or official bodies whose activity is deemed to fall within the sectors covered by the event may apply to participate in the Puericultura Madrid International Childhood Products Trade Show.

The signature and presentation of the Participation Application Form constitutes an irrevocable commitment by the applicant and total acceptance of IFEMA's General Rules of Participation, as well as the Specific Rules of the Fair and the generally applicable regulations established by the Fair Organisers.

1.2. Concept

Puericultura Madrid 2018 is being organised in a similar fashion to Puericultura Madrid in its previous editions: well-defined areas with modular wooden booths that help focus attention on the products and brands.

Brands Area

Exhibiting businesses need only organise the decoration and layout of their products. All exhibitors will have the same type of "all inclusive" booth that can be customised according to the established rules, thereby ensuring harmonious and balanced brand displays.

Perfectly integrated meeting, training and product display areas will be set up, creating a unique, business-enhancing atmosphere, with products and brands taking centre place.

Easy and clear

More for less

1.3. Allocating the spaces

Exhibitors will be admitted to the sectors subject to acceptance by the Fair Management. The Fair Management reserves the right to change the location of the booths occupied by exhibitors from one edition to the next, for reasons of sectorisation, product or image.

Spaces will be allocated by the Fair Management. The companies which participated in the previous edition will take priority over new candidates, with an effort made to maintain their preferences and affinities between companies with products of a similar style, as indicated above.

The contracted space and status as exhibitor will be firm once payment has been made of the amounts defined in the section entitled "payments due" included in the Accounts Statement, and always within the deadlines established in the contracting documents for the Trade Show.

Admission of exhibitors is subject to presentation by the applicant company of the collections' catalogue.

The booths and areas will be located according to the exhibition areas allocated to each sector.

In order to maintain your priority as a previous exhibitor at PUERICULTURA MADRID 2018, you must submit the **Participation Application Form** and **payment of 30% of the total square metreage requested to the Sales Department** BEFORE April 16, 2018.

The space allocation procedure for new exhibitors will be governed by the following criteria:

- a) After the Participation Application has been received, the Fair Management will then offer the best space available on the site which meets the needs of the exhibitor, as long as the sectorisation criteria of PUERICULTURA MADRID are followed.

For Application Forms received later than April 16, 2018, the space will be allocated according to the availability of space per sector/ area and the date of the formal application.

In all cases, the management of PUERICULTURA MADRID will give exhibitors an Official Letter of Adjudication, with estimated fees, a map showing the location and a plan of the booth.

The allocated space will not be confirmed until the corresponding payment has been made, which means that if payment has not been received by the indicated date, the booth may be made available to other exhibitors, without any requirement of notification on the part of the Fair Management.

1.4. Waiver by the Exhibitor

If an Exhibitor waives their participation in the Fair, this will terminate the contractual relationship between IFEMA and the Exhibitor for all effects, with no right to reimbursement of any payments made to IFEMA at the time of notification.

The waiver must be made expressly in writing to the Fair Management

For the purposes of the previous paragraph, the payments made are those which the Exhibitor should have paid to IFEMA at the time of exercising the waiver, in accordance with the calendar of payment deadlines set out in the Participation Application.

Should the waiver have been communicated to the Fair Management within the 30 days prior to its opening, IFEMA may demand full payment for the space hired.

In relation to the services offered in the IFEMA Services Catalogue which the Exhibitor might have contracted before notification of withdrawal, there will be cancellation charges made as established in Article 7 of the General Conditions for Admission and Contracts in Fairs organised by IFEMA.

2. PARTICIPATION RATES

4.1. Exhibitor Passes

In order to guarantee the professional nature of the trade show, all exhibitor passes will be personalised with the name of the company.

Additional Exhibitor Passes can be requested. They will be invoiced at € 6 + VAT (1)

All passes must be requested through the Exhibitor Area. No passes will be issued unless they are expressly requested.

(1) Companies based in Spain (excluding the Canary Islands, Ceuta and Melilla): 10% VAT not included. For other companies this operation is not subject to Spanish VAT. For companies based in the European Union, the exhibitor shall be liable to VAT and may, if applicable, claim it back in the country where the company is domiciled.

Exhibitors decide when they want to request Exhibitor Passes and fill in the form in the Exhibitor Area. All the passes requested can be picked up from the day before the fair opens (September 5, 2018 from 9.30 am to 7 pm).

4.2. Trade invitations

Exhibitors can send online trade visitor invitations to their contacts from the Exhibitor Area. These invitations can be exchanged for the corresponding trade visitor passes

Exhibitors will be allocated a number of free online trade visitor invitations according to the contracted modules (see table).

It is absolutely vital that all the Trade Visitors entering the site with a Trade Invitation be accredited as professionals from the childhood product sector at the Registration Desks or online at www.puericulturamadrid.ifema.es in the section for pre-registering Trade Visitors, to avoid queues during the registration process. For accreditation an ID card or passport, and a professional business card or document from the company where the visitor works, must be presented. Otherwise, visitors will not be allowed to enter the site while the fair is being held.

Free online pre-registration will be available until September 5, 2018 until 12 pm.

We request visitors be aged 16 or over.

We ask that you respect the intended use of the Professional Visitor Passes in order to ensure the professional nature of the show. There will be entrance checks for this purpose.

5. PUERICULTURA MADRID 2018 MODULES

See the specifications leaflet.

IMPORTANT

Once the space has been allotted and we have sent out the floor plan, companies can decide if they want the perimeter of their booth to be open or closed. The perimeter must be constructed according to the specific regulations of the event.

As each company decides whether to enclose the perimeter, the space taken up by the siding and walls (wooden and 30 cm wide) is not discounted from the floor space to be paid.

Exhibiting companies that wish to customise their booth may customise the interior of the booth and up to 50% of each aisle-facing side on the built-on surface. Please contact IFEMA Trade Show Services Management with any questions (stecnica@ifema.es).

COMMENTS

All those services and elements it is wished to add on top of these characteristics must be paid for by the exhibitor (for example, storage, shelves, etc.)

An attempt will always be made to adapt the layout of all the elements in the booth, any extras requested, as well as the structural elements necessary for supporting the booth to the exhibitor's needs provided this is technically feasible and the plan including any relevant instructions is received at least one month before the first set-up day (July 31, 2018).

Once the booth has been set up, changes in location in any elements that have not been communicated by the established date will be invoiced.

The elimination by the exhibitor of any element forming the prefabricated booth will not imply a reduction in price.

Any material used, either structural or electrical, shall be subject to rental conditions and any damages shall be invoiced according to the current price.

The exhibitor must state the name they wish to use for the sign on the booth through the Exhibitor Area. The booth number, based on the official plan for the event, will be shown next to the name on the sign.

Neither decorative element, nor exhibiting product will be able to overcome the maximum height of the walls of the stand (2 meters height). Failing to comply with this rule could mean the loss of preferential renewal rights over the allocated space.

These specific rules accompany those defined on set-up by the General Participation Rules that govern all IFEMA events.

The interpretation and application of the regulations for each individual case is the responsibility of IFEMA, which reserves the right to arbitrate on exceptions, if it deems necessary, on the basis of respect for the general appearance of the Fair and the visibility of neighbouring booths.

6. FINAL COMMENTS

The exhibitor is obliged to remain at their booth throughout the opening period and hours of the event, From Thursday 6 to Saturday 8 September 2018 during the official opening times of the show to professionals: from 9.30 a.m. to 8 p.m. Failing to comply with this rule could mean the loss of preferential renewal rights over the allocated space.

Occupation of the space or delivery, where applicable, of the prefabricated booth will not be authorised to exhibitors who have not paid for the contracted space and services in full, or the fee for Presence in Promotional Elements.

The total settlement of all the expenses accrued during the Fair will be an essential condition for removal of the exhibition material from exhibitors' spaces.

For goods to be removed a pass must be issued by SERVIFEMA, which will be issued only to exhibitors who have met the above requirements.

Should the EXHIBITING COMPANY designate another entity to make any one of the payments relating to their participation, they must provide all necessary invoicing information. If the designated entity does not make the stated payments within the established payment periods, the EXHIBITING COMPANY must meet the payments upon request by IFEMA.

The installation of catwalks in booths will only be permitted sound-free in order to maintain the general atmosphere of the event.

Promotional and advertising activities must take place exclusively inside the contracted space. Third parties may not be advertised in the allocated space, unless the authorised company registers them as co-exhibitors at the booth.

Exhibitors who wish to hold a raffle, draw or competition in their space must carry out the administrative procedures set out in Article 11 of the General Rules for Participation of Exhibitors in Fairs organised by IFEMA, and be authorised in advance by the Fair Management.

The rules governing the Cancellation and Suspension of the Trade Show are contained in Article 15 of the General Terms and Conditions of Admission and Hiring at Events Organised by IFEMA included in the General Participation Rules..

It is strictly prohibited to use individual sound systems which are audible beyond the strict boundaries of the booth or which cause a nuisance to visitors or other exhibitors. The maximum authorised noise level is 60 decibels. Breaches of this rule will lead to the automatic cut-off of the fair's electrical supply and may lead to the subsequent loss of preferential renewal rights to the allocated space. Also, special care must be taken with the distribution of promotional elements which might cause unnecessary noise.

The performance of professional activities and seminars (exhibitors and co-exhibitors authorised by their host exhibitor only) within the Fair Site must be reported to the Management of PUERICULTURA MADRID.

To organise press conferences, please contact:

Press and Media Department
(prensa@ifema.es)

To hire rooms at the Fair Site, please check availability at:

Conventions and Congresses
(convenciones@ifema.es)

For the performance of activities requiring the hiring of an occasional catering service during PUERICULTURA MADRID, the form for notification of catering in booths, available at www.puericulturamadrid.ifema.es must be filled in and sent to: catering@ifema.es

Contracting any service or the performance of any activity by a co-exhibiting company must be authorised in writing by the main company exhibiting in the booth, who will also be responsible for any costs which its co-exhibitors may generate through their participation in the fair if they do not pay for it themselves.

The direct sale of items is strictly prohibited.

Under no circumstances may live animals be present in booths. IFEMA declines all responsibility for breaches of this rule, without prejudice to adopting the legal measures at its disposal against those responsible.

Access to the Fair is prohibited to visitors who cannot be accredited as belonging to the participating trade groups. This rule affects both exhibitors and visitors, even if they hold the corresponding pass or invitation.

All photos taken by the official photographer at the request of Fair Management may be used by the Show for promotional purposes.

For exceptional cases where materials and items must be brought in or taken out while the Fair is in progress, exhibitors must request an individual permit from Fair Services Management.

Goods and materials for decorating the booths must be brought in on September, 1 to 5 2018 from 8.30 a.m. to 9.30 p.m.

Goods and decorative materials must be taken out on Sunday September 9, 2018, from 8.30 a.m. to 9.30 p.m. During this period, exhibitors can remove all the display items from their booths, and this is recommended for security reasons.

All exhibitors are required to remain at their booths with the exhibition material until 8 p.m. on Saturday, September 8. Failure to comply with this rule may lead to admission being refused to the said exhibitor at future editions of PUERICULTURA MADRID.

Exhibitors taking part in PUERICULTURA MADRID 2018 as part of a concession or exchange cannot include co-exhibiting companies in their booths, in accordance with the IFEMA General Rules for Participation.

These Specific Rules are complemented by the General Rules for Participation of Exhibitors in Fairs organised by IFEMA, which all exhibitors accept by virtue of becoming exhibitors.
