All companies must build a stand which includes as minimum requirement stand partition walls which separate the stand from the hall perimeter or other stands.

Prior to commencing this work, the stand-builder should pay to IFEMA the corresponding build-up charge to cover services rendered during build-up and breakdown.

Build-up charge:

Type B: Aluminium frame structure or similar modular stand	4.20 €/m ²
Type C: Carpentry stands or other materials	6.61 €/m ²

Should the main stand-holder wish to cover this cost and include it in his invoice, it may be ordered online through the [Exhibitors Area](#).

IFEMA offers modular stands as well as a complete stand design service which is tailored to your specific requirements with the maximum IFEMA guarantee. We can take charge of the entire project from initial planning and design to build-up and breakdown of the stand. Request a custom design, free of charge and without obligation by e-mailing infodesign@ifema.es
