International Pavilions

PARTICIPATION RULES FOR INTERNATIONAL PAVILIONS

Pavilion organisers must take into account the following rules on participation:

- The organising company in charge of a pavilion must contact TRAFIC's organisers and send them the Space Application form indicating the total amount of meters they wish to hire.
- The following step is sending the file: 'International Pavilions. List of Companies' filled out.
- Each stand will be assigned exclusively to one company. Two companies will never be allowed to share one stand.
- Nine squared meters is the minimum size permitted for a stand inside an International Pavilion. Being part of an international pavilion is the only way an exhibitor can hire a 9 s.q.m stand.
- IFEMA's policy does not allow the TRAFIC team to issue invitation letters until the total space rental amount has been paid.
- Prior to the invitation letter issuing, the TRAFIC organization will have to receive the form called: 'International Pavilion. List of Exhibitors' dully filled out.
- We would like to recommend exhibitors who need an invitation letter to contact their Embassy at least three months before the Show in order to settle arrangements in time.
- If you have any doubt, please contact our TRAFIC International Affairs Responsible, Ms. Blanca Zaragosí via mail or telephone:

Telephone number: 34 91 722 57 37
