ANUGA SELECT IBÉRICA
MEAT ATTRACTION
BAKERY & ICE CREAM ATTRACTION

1.1 Dates. Schedule and venue. Sectors involved

Anuga Select Ibérica, together with Meat Attraction and Bakery & Ice Cream Attraction, will take place at the IFEMA MADRID exhibition centre **from 16 to 18 February 2027**, from 9:30 a.m. to 6:30 p.m. on the 16th and 17th, and on the last day from 9:30 a.m. to 4:00 p.m. in halls 3, 4, 5, 6.

Exhibitors will be able to access the venue from 8:30 a.m. and leave before 7:30 p.m., and on the last day until 4:30 p.m.

The virtual event via the digital platform will be open from 1 September 2026 to September 2028.

The fair is for professional visitors only.

Sectors covered by Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction:

- Meat sector and auxiliary industry (Meat Attraction)
- Bakery, Pastry, Confectionery, Ice Cream and Horchata (Bakery & Ice Cream Attraction).
- Frozen food
- Fresh and chilled food
- Fine Food (Gourmet and Delicatessen Products)
- Dairy products
- Drinks
- Coffee – Hot beverages
- Auxiliary Industry
- Organic products

1.2 What do I need to do to participate?

Space can be reserved by completing the online Participation Request form available on the fair's website www.ifema.es/en/anuga-select-iberica/exhibitors and sending a copy of the proof of payment for the space reservation fee corresponding to the requested area by email to atencionalcliente@ifema.es, according to the following categories:

- Up to 32 m² €1,000*
- From 32.5 m² €1,500*

The reservation fee may be used to offset the costs incurred in submitting the application and proposal and will be applied as part of the total payment for participation.

The exhibiting company is the company that will participate in the fair, on whose behalf the application to participate as an exhibitor is completed.

In order to apply to participate in the fair, the activity of the exhibitor, whether a company, public or private organisation, must fall within the sectors covered by the fair.

By clicking on the “send application” button, the company confirms to IFEMA MADRID that it is seriously interested in participating as an exhibitor and in receiving a proposal.

From the same application form, if the process is not completed, it is possible to request information and quotes, which does not constitute a request for a bid.

If the CONTRACTING COMPANY designates another entity as the INVOICING COMPANY, the details of both must be included in the application form. No changes to the invoicing company will be authorized once the first invoice has been issued.

Submission of the Application Form implies full acceptance of the **General Rules for Participation in Exhibitions organised by IFEMA MADRID**, the technical annexes, the Specific Rules for this edition and the provisions, whether general or specific, established by the exhibition organisers.

1.3 Contracting and allocation of spaces

The decision to accept the company as an exhibitor will be at the discretion of IFEMA MADRID, taking into account the purpose of the fair and the availability of space.

Space can be booked by completing the online Participation Request form available on the website and paying the space reservation fee.

Exhibitors who submit their application to participate within the priority period may either participate in the space allocation selection process or be allocated space directly in order of receipt.

The priority period for space allocation will be until 1 June 2026.

Participation requests received after 1 June 2026 will be processed in strict order of receipt and payment of the space reservation fee (the latter is an essential requirement and will determine the date of entry of the request to participate as an exhibitor).

The exhibitor will receive the exhibition contract with the statement of account and location plan and dimensions of their stand(s) when it is awarded, and from that moment on they will be able to access the Zona Expo customer portal to manage their participation.

It is essential to make the payments indicated in the contract within the established deadlines.

The allocation of spaces will be carried out by the Exhibition Management, taking into account the needs of ANUGA SELECT IBÉRICA – MEAT ATTRACTION – BAKERY & ICE CREAM ATTRACTION as a whole, sectorisation and image, as well as attempting to accommodate the preferences of companies and affinities between similar products within the existing availability.

(1) Companies established in Spain (excluding the Canary Islands, Ceuta and Melilla): 10% VAT not included. For all other companies, this transaction is not subject to Spanish VAT. In the case of companies from the European Union, the exhibitor will be responsible for any VAT that may be payable in their country of establishment.

1.4 Methods of participation

- **Exhibitor:** a natural or legal person who has space at the Exhibition. The exhibiting company is the one in whose name the application to participate as an exhibitor is completed.

The exhibitor has the option to contract:

- A) Floor space only (to build your own 'free design stand') from 25 sq.m.
- B) Floor space + Basic Stand from 12 sq.m.
- C) Floor space + Premium Stand from 16 sq.m.

- **Co-exhibitor:** natural or legal person participating in the stand of a main exhibitor, contracting directly with them. The main exhibitor must register their co-exhibitors via the ZONA EXPO customer portal, and each co-exhibitor must complete an application form to participate as a co-exhibitor at the fair (see point 2.3).

1.5 Your exhibitor plan

Conecta exhibitor plan

Participation as a main exhibitor at the fair requires the purchase of the CONECTA EXHIBITOR PLAN for €500 + VAT (1).

This concept encompasses the following services:

Promotion of participation in the fair through inclusion in the list of exhibitors, which is freely accessible on the fair's website and shared as a link in industry communications.

Presence as exhibitors at the digital event of the Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction fairs. The digital event extends the duration of the fair beyond its celebration, provides additional content on the exhibition offer and sector news, and is accessible to registered exhibitors and visitors.

Registration of 5 products or services associated with the company file on the digital platform.

Presence during the fair on the pavilion plans and lists of exhibitors. Access to IFEMA MADRID's 'ZONA EXPO' customer portal to manage participation.

Exhibitor passes according to the contract (see point 2.2).

Online invitations according to the contract (see point 2.2).

Transport discount vouchers.

Premium Wi-Fi connection for 3 users throughout the fair (these connections will only work with devices that allow connection in the 5 GHz band). The password is enabled for the duration of the fair and until the last day of dismantling and is sent by email to the holder's address at least 48 hours in advance.

- **Features for connecting with other users to generate business opportunities for three users (on the digital platform):**

- Search for new contacts among registered visitors and exhibitors. Communication with contacts (chat and video conferencing).
- Organisation of personal online and face-to-face meetings with contacts.
- Preparation of company meetings at the trade fair stand to optimise time.
- Scanning of visitor passes at the trade fair.
- Download of the list of contacts with their details.

REGULATIONS AND SETTING UP YOUR

ASSEMBLY AND DISASSEMBLY

All companies shall be required to assemble their stand, which shall include at least the partition walls with the hall wall and with the adjacent stands, depending on their location.

The assembly of free-design stands may take place **from 10 to 14 February 2027** during the following hours:

- ✓ From 10 to 12 February from 8:30 a.m. to 9:30 p.m.
- ✓ 13 and 14 February from 8:30 a.m. to 7:30 p.m.

Modular **stands contracted** with IFEMA MADRID will be delivered on **15 February from 8:30 a.m. onwards**.

Exhibitors who have not paid in full for the contracted space and the costs of the services requested will not be authorized to occupy the space or, where applicable, will not have their modular stand delivered.

Goods and decorative materials may be brought in on 15 February 2027 from 8:30 a.m. to 9:30 p.m. From 7:00 p.m. onwards, entry will only be possible through the pedestrian doors, as the goods gates will be closed to allow for the installation of recyclable carpet.

Goods and decorative materials may be removed on 18 February 2027 FROM 4:30 PM. From **7:00 pm to 8:00 pm**, removal may only be carried out through the pedestrian doors in order to remove recyclable carpet. After that time, the goods gates will be open until midnight.

Stands may be dismantled on 19 and 20 February 2027. On the 19th, from 8:30 a.m. to 9:30 p.m., and on the 20th, until 7:30 p.m.

General assembly regulations

For **safety reasons**, and as a general and permanent preventive measure due to the nature of the activities involved, **it is mandatory to wear a protective helmet, high-visibility vest and safety footwear during the assembly and dismantling phases of fairs and events in all exhibition areas**.

During assembly, it is not necessary to carry passes, so there are no assembler passes.

Assembly work may not begin without first completing and sending to IFEMA the **“Occupational Risk Prevention and Coordination of Business Activities” Protocol**, available on the IFEMA MADRID website ifema.es – Exhibitors – Participation Rules – Forms (Article 15 of the General Rules for Participation in Events Organised by IFEMA MADRID available on the IFEMA MADRID website ifema.es

Regulations on vehicle circulation and parking during the event: inside the trade fairgrounds it is expressly forbidden to keep vehicles parked in the loading and unloading areas, so they may only be parked in the areas designated for this purpose, paying the corresponding fee where applicable. Once the event has opened, no vehicle may be driven inside the halls or on the avenue, unless expressly authorized by IFEMA MADRID (article 14 of the General Rules for Participation in Events Organised by IFEMA MADRID

Management of waste and assembly and exhibition materials: all companies involved in the assembly and dismantling of stands at the trade fair/event must manage, as those directly responsible, the waste they generate so that it can be removed within the established deadlines. IFEMA MADRID will offer you the possibility of hiring containers to facilitate the selection and removal of waste and will supervise the same (see rates in the EXPO ZONE Customer Portal, in Hiring Services, section on cleaning and waste containers).

The exhibitor will lose all right to claim for loss or damage to materials that still remain in the exhibition areas of the hall after the deadline and will bear the costs related to their removal, which will be invoiced by IFEMA MADRID in accordance with the established rates (see art. 35 of the General Rules for Participation in Events Organised by IFEMA MADRID).

SPECIAL AUTHORISATIONS

On the website ifema.es, you will find a list of other services, regulations and forms that may be of interest to you:

- Communication for catering at stands.
- Occupational risk prevention and coordination of business activities.
- Request for authorization for private surveillance at stands.
- Request for authorization for the installation of Wi-Fi.
- Request for authorization for antenna wiring.
- Request for authorization to hang structures/rigging.

REGULATIONS AND SETTING UP YOUR SPACE

Installation of recyclable carpet in common areas: in line with IFEMA MADRID's commitment to the 2030 SDGs (United Nations Sustainable Development Goals), as indicated in the [Guide to Sustainable Participation in Trade Fairs and Events](#), and with the aim of optimizing the process of installing and removing recyclable exhibition carpeting for its subsequent reuse and consequent disposal of the protective plastic at source, the entry and exit times for goods must be adapted to these processes and will be reflected in the corresponding point. Thank you for your collaboration with our environmental commitment.

IFEMA MADRID carpets the aisles throughout the fair and, for sustainability reasons, does so with reusable strips of standard sizes, leaving a small strip at the edges of the aisle(s) bordering the stands free of carpet. These uncarpeted strips **form part of the aisle and not the stands, and therefore exhibitors are not authorized to cover or decorate them.** We kindly ask exhibitors to cooperate with this decision; IFEMA MADRID staff will monitor compliance as far as possible and will require any carpet that encroaches on these strips to be removed. If, despite these controls, the strip is encroached upon, **the encroached aisle space will be billed to the exhibitor as space.**

Modular stands. Regulations and customisation

All modular stands that include interior decoration with panels, profiles, totems, platforms, trusses, etc., **MUST UPDATE their project in THEIR EXPO ZONE before 8 January 2027.**

The removal or replacement of any element of the modular stand by the exhibitor does not imply a reduction in cost. All materials used, both structural and electrical, are rented and any damage will be invoiced according to the current rate.

The layout of all the elements that make up the stand, any extras requested, and the structural elements necessary to support the stand will be adapted to the exhibitor's needs, provided that this is technically feasible and the plan with the relevant instructions IS UPLOADED TO THE EXPO ZONE one month before the start of assembly: 8 January 2027.

CUSTOMISE YOUR STAND WITH US: GRAPHIC DECORATION FOR BASIC STANDS

Customize your modular stand with your brand image to generate maximum impact on visitors. We offer a wide range of graphic materials (vinyl, foam, Forex, canvas, etc.) that are versatile and adaptable to all the elements of your stand (walls, furniture, fronts, banners, displays, etc.). Request more information and a quote. Our specialized team will monitor the production and installation. decoraciongrafica@ifema.es

Once the stand has been assembled, any changes to the location of any elements that have not been communicated by the established date will be invoiced.

Freely designed stands. Regulations and assembly

Companies that choose to build their own stands must **UPLOAD THEIR DESIGN to the EXPO ZONE** for approval before **8 January 2027**.

If your project includes a rigging structure, you must send a specific project to rigging@ifema.es before 8 January 2027.

Assembly rights

The company responsible for assembling a stand must pay IFEMA MADRID, before commencing such work, the assembly fees corresponding to the services provided during the assembly and dismantling period of the Fair. If, as the main exhibitor, you wish to assume payment of these assembly fees and have them included in your invoice, you must contract this service in the Expo Zone.

In order to be more efficient and provide you with better service, avoiding incidents during set-up, IFEMA MADRID has begun **to apply a last-minute surcharge to the contracting of set-up rights, as is the case with the rest of our services.**

This surcharge increases the price by 25% when the contract is signed during the week prior (7 days prior) to the start of assembly, during assembly, celebration and dismantling.

Please note that assembly fees apply to free-design assemblies and can be contracted with a 5% discount if the contract is signed up to 30 days before the start of the exhibition assembly.

SPECIFIC ASSEMBLY RULES FOR FREESTANDING STANDS

- All companies will be required to assemble their stand so that it includes at least the middle walls with the hall wall or other stands.
- The exhibitor must mark their space with the corresponding stand number in accordance with the official floor plan and exhibition contract documentation.

Height

- Maximum authorized height along the perimeter line: 4 m. In order to raise or hang any decorative element at a maximum height of 6 m, it is necessary to set back 1 m towards the interior along the entire perimeter.
- This option is not available in the connection areas between pavilions.
- Construction elements, decorations and spotlights may not protrude more than 50 cm from the allocated space and from a minimum height of 2.5 m.

Blind enclosures around the perimeter

- Blind perimeter enclosures may not exceed 50% of each corridor façade.
- To create longer enclosures, these must be set back a minimum of 3 m towards the interior and may not exceed 80% of the length of the façade.

The interpretation and application of the regulations for each particular case is the responsibility of IFEMA MADRID, which reserves the right to arbitrate exceptions if it deems necessary, based on respect for the overall perspective of the fair and the visibility of neighbouring stands.

DESIGN YOUR STAND WITH US

In addition to turnkey stands, we offer a comprehensive stand design service, with our guarantee and fully tailored to your needs. We take care of the planning of your space, the design, the assembly and the dismantling. Request a free, no-obligation project tailored to your needs by sending an email to standbuilding@ifema.es.

The fair management may alter the spaces allocated or make changes to the layout of the halls for organizational reasons.

Notwithstanding the fact that the fair management will inform exhibitors in the event of a significant change or alteration to the reserved location, each exhibitor is responsible for finding out the location of their stand, its exact dimensions, etc. from ZONA EXPO.

Access is not permitted to any exhibitor or visitor who cannot prove that they belong to the participating professional groups, even if they have the corresponding pass or invitation.

The exhibitor is obliged to attend their stand and remain with the products on display throughout the entire period and opening hours of the fair. Failure to comply with this regulation could result in the loss of the right to preferential renewal of the allocated space.

For security reasons, the storage of packaging in the pavilions is strictly prohibited.

Exhibitors authorize IFEMA MADRID to reproduce all or part of the products on display in its promotional material.

The exhibitor undertakes to comply with environmental protection rules and guidelines.

Activities that may disturb other exhibitors are prohibited and may not exceed 60 decibels. Sound equipment used must be directed towards the interior of the stand at a maximum height of 2 meters above the floor. Under no circumstances may it be directed towards the exterior, adjacent corridors or neighboring stands. The use of live music is not permitted, nor are procedures that increase noise levels, such as horns or sirens, etc. Failure to comply with this provision will result in the power supply being cut off, after prior warning by the fair management and/or security personnel.

Companies that include stages in their stands must set them up facing the widest aisle and indicate their location in the project to be submitted to the Technical Secretariat for approval. The location and orientation of all audiovisual and/or technical elements must also be marked.

Promotional activities, the distribution and display of samples, brochures, leaflets and all kinds of promotional material may only be carried out within each exhibitor's space.

All activities carried out inside your stands must be communicated to the fair for authorization before 15 January 2027 at anugaselectiberica@ifema.es - meatattraction@ifema.es - bicattraction@ifema.es indicating the subject Activity and the stand number.

The organisation of activities that require the hiring of a one-off catering service during the fair will require the completion of the form 'Notification for catering at stands' available at ifema.es, which must be sent to: catering@ifema.es

Exhibitors are expressly prohibited from installing Wi-Fi access points, whether for connecting to the internet or for presenting other features. The purpose of this measure is to avoid interference problems, both with access points that may be installed independently by each Exhibitor and with IFEMA MADRID access points. Such interference could cause the existing Wi-Fi networks to malfunction. For further information, please refer to Article 33 of the General Regulations for Exhibitor Participation in Events Organised by IFEMA MADRID.

CANCELLATION

The exhibitor's withdrawal from participation in the fair shall constitute grounds for termination of the contractual relationship between IFEMA MADRID and the Exhibitor for all purposes.

Withdrawal must be communicated to the Fair Management in writing and shall result in the loss of any amounts that the exhibitor should have paid by the date of communication, in accordance with the payment schedule set out in the Application for Participation.

If the withdrawal has been communicated to the fair management within thirty days prior to the opening of the event, IFEMA MADRID may require full payment for the contracted space.

With regard to any additional services offered by IFEMA MADRID that the exhibitor had contracted prior to notification of the withdrawal, the cancellation charges set out in Article 7 of the general conditions of admission and contracting for events organised by IFEMA MADRID shall apply.

In the event of cancellation of the fair due to force majeure, the amounts paid for items related to physical participation will be refunded, in accordance with Article 15 of the **General Rules for Participation in Events Organised by IFEMA MADRID**.

These Specific Rules, including the rules on participation and assembly in this chapter, are supplemented by **the General Regulations for Exhibitor Participation in Events Organised by IFEMA MADRID**, which all exhibitors accept by virtue of their participation.

2.3 CO-EXHIBITORS registration

The registration of co-exhibitors must be carried out by the main exhibitor from the EXPO ZONE, under the section “Manage your participation/Register co-exhibitors.”

To register, it is essential to enter a correct and unique email address for each co-exhibitor.

The co-exhibitor will receive a unique code that must be included in **their application to participate**.

Once this process is complete, the main exhibitor must pay the registration fee for the co-exhibitor. If you want the co-exhibitor to **pay the fee themselves and they have not done so, the main exhibitor will be automatically billed 15 days before the start of the fair**.

Registration as a co-exhibitor will only be confirmed once the application and proof of payment have been sent (both requirements are essential).

Co-exhibitor registration fee € 500 + VAT (1)

The status of co-exhibitor includes benefits listed in the CO-EXHIBITOR CONECTA PLAN:

- Access to Anuga Select Ibérica Liveconnect
- Presence in the online exhibitor catalog.
- Access to your own EXPO ZONE
- 2 exhibitor passes
- WIFI

2.4 Passes and invitations. Visas, vouchers, and discounts

We ask exhibitors to make good use of invitations, sending them exclusively to professionals in the sector to ensure the professionalism of the fair. Access controls may be carried out for this purpose. No one under the age of 16 will be admitted. Exhibitors can see the number of invitations redeemed in the Expo Zone (Event Access, Invitations).

VISA MANAGEMENT

If you require a visa to travel, **you can request letters of support from ZONA EXPO** to help you obtain one. To do so, you must first personalize your exhibitor pass and have formalized payment for your participation in accordance with the payment schedule (see point 1.8).

Once these two requirements have been met, you will be able to access the “Request visa support letter” button from “EXPO ZONE/Event access/Exhibitor passes.”

We advise you to start the process as soon as possible, as the deadline for visa applications is usually at least **30 days before travel**.

CUSTOMS REGULATIONS

1. All products from non-EU countries must go through customs procedures, with special mention being made of the fact that, since 1st January 2020, the United Kingdom has been treated as a third country, so all shipments originating in the United Kingdom must regularise their merchandise through the corresponding customs procedure.
2. Exhibiting companies must have the details of the customs agent who clears their goods or, failing that, a copy of the customs documentation for entry into the European Union.
3. Material or merchandise for distribution or consumption must pay Spanish taxes, even if they are products without commercial value (the amount of taxes may vary depending on the country).
4. All merchandise subject to a temporary regime must not be moved from the stand or leave the IFEMA MADRID site until its situation has been modified and customs formalities have been processed. During these formalities, it may only be stored in the warehouse of the official logistics agent within the Exhibition Site.
5. It is strictly forbidden to display, sell, consume or distribute non-EU goods at a trade fair before the goods have been cleared through customs. This includes promotional material.

6. Products transported as hand luggage must be declared at Barajas Airport in the RED CHANNEL ("Something to declare") and the merchandise must be regularized with the corresponding authority at the airport.

7. Merchandise that has not passed customs control and is on display will be confiscated by the customs authorities operating in the trade fairgrounds until the appropriate documents are presented.

8. Any truck arriving at IFEMA MADRID covered by a transit consigned to IFEMA MADRID must go to the warehouse of the official Logistics Operator, for the regularization of the transported merchandise, located at:

Avenida del Partenón s/n
West Entrance – access to Calle Ribera del Sena
Service Hall, building 2

3.1. How to make my participation profitable

If you require advice regarding your participation in Anuga Select Ibérica, please do not hesitate to contact us by email at anugaselectiberica@ifema.es - meatattraction@ifema.es - bicattraction@ifema.es

3.2. Exhibitor Catalogue

The fair catalogue, or list of exhibiting companies, is an indispensable promotional and networking tool. It provides visitors and other exhibiting companies with basic information to prepare for the fair and makes it easier for them to find and contact you before, during and after the event.

- Enter and update your contact details, the products or services you offer and any other information you consider relevant to give your company maximum visibility and get the most out of your participation.
- All the digital communication and environment surrounding your participation is channeled through the digital platforms of Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction.
- Take full advantage of the platform offered by IFEMA MADRID to communicate your participation, schedule appointments, showcase your products and connect with your target audience.

3.3. Networking

Enrich your contact list.

The digital platforms of Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction give you the opportunity to search for contacts among their participants. You can use filters such as country, activity, position, products of interest, etc. to perform searches. Once you have located potential customers, you can request contact details (such as email and telephone number). Once they have accepted, you can chat with them or invite them to a face-to-face meeting at the trade fair or via videoconference at the digital events of Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction.

Be proactive and take advantage of the opportunity to build up a good list of contacts.

Other users can request meetings by sending their request either to the company in general (without prior acceptance of the contact) or to a specific team member (after prior contact). This way, the whole team can plan their schedule of appointments at the trade fair well in advance.

3.4. Invitations for your customers and contacts

IFEMA MADRID provides you with invitations to the fair so that you can promote your participation efficiently. Be sure to use this useful tool that we make available to you in your Expo Zone.

3.5. Buyers Programme

You must send the corresponding form to anugaselectiberica@ifema.es - meatattraction@ifema.es - bicattraction@ifema.es

3.6. Outdoor and digital advertising

Advertising projects tailored to your needs:

- Promote your brand before, during and after the event.
- Attract new customers through the best B2B segmentation on the market.

[More info here](#)

Please also consult the advertising options offered by the digital platforms of Anuga Select Ibérica – Meat Attraction – Bakery & Ice Cream Attraction.

3.7. Sponsorships

You have a wide range of promotional activities and sponsorships available that will give you additional visibility and allow you to develop high-impact activities for the national and international professional audience visiting the fair: Forums, Activities, Conferences, Wi-Fi Network, Rest Areas, etc.

Consult anugaselectiberica@ifema.es - meatattraction@ifema.es - bicattraction@ifema.es

3.8. Conferences, demonstrations and seminars at trade fairs.

Organise your own conferences, demonstrations or seminars during Anuga Select Ibérica.

Find out more about renting rooms, auditoriums and other spaces at anugaselectiberica@ifema.es - meatattraction@ifema.es - bicattraction@ifema.es

3.9. Room Rental

For exhibitors at the event, there is the possibility of renting rooms on the premises if you wish to organise a conference, reception, press conference or product presentation during the fair. Advance booking is required. Request a quote:

4. SUSTAINABILITY MANAGEMENT AT IFEMA MADRID

At IFEMA MADRID we are fully committed to sustainability and to achieving the United Nations Sustainable Development Goals (SDGs) by integrating them into our strategic business management and our culture.

IFEMA MADRID's sustainability policy is mainly projected on the following SDGs: nº 8, 9, 11, 12, 13, 16 and 17.

ISO REGULATIONS CERTIFIED BY IFEMA MADRID:

- ISO 9001: Quality Management.
- ISO 20121: Event Sustainability Management.
- ISO 14001: Environmental Management.
- ISO 50001: Energy Management.
- ISO 22320: Emergency Management.

ACTIONS AT IFEMA MADRID TO REDUCE GAS EMISSIONS AND BE MORE EFFICIENT:

- Electric energy from 100% certified renewable sources
- Geothermal installation in Puerta Sur building
- Low-consumption lighting in halls and in our modular stands.
- Temperature control in air conditioning systems.

IFEMA MADRID has the “calculate” and “reduce” seals in scopes 1 and 2 of the Carbon Footprint.

WASTE MANAGEMENT:

- The exhibitor/assembler is the producer of the waste generated and will therefore be responsible for its removal and management. The management of waste generated by the exhibitor is covered in article 35 of the General Rules for Participation in Events Organised by IFEMA MADRID
- We offer a service to exhibitors that includes the removal and management of waste generated by the exhibitor/assembler.

CARPET RECYCLING:

IFEMA MADRID recycles 100% of the carpet used in corridors and common areas. To do this, it is essential to start removing it before the dismantling begins, which means distributing it in strips, instead of covering the entire space as before.

This allows us to guarantee its transformation into new raw material for the subsequent manufacture of other products.

SUSTAINABLE MOBILITY:

IFEMA MADRID has: access to public transport close to the facilities (metro and bus), parking for electric cars with 100% renewable electricity supply, as well as a parking area for bicycles and scooters.

GUIDE TO SUSTAINABLE PARTICIPATION IN trade fairS/EVENTS:

IFEMA MADRID has published the Sustainable Participation Guide for exhibitors at trade fairs on its website. We recommend that you read it before beginning to prepare your participation: ifema.es/nosotros/calidad-sostenibilidad
