Services provided by external security companies at IFEMA MADRID installations must comply with the following requirements:

A) The company:

- Must provide documentation showing the company is registered and authorised to provide security and protection services, according to the legislation in force in terms of private security.
- Send a copy of the document proving you have presented the communication of provision of the

reference service, before the corresponding authority to the Security and Self-Protection Department of Feria de Madrid. This must be presented at least 12 hours before service provision starts.

- No inspections of the service will be permitted outside the hours of the fair (public opening times).

B) The security guard:

- Must have a Professional Identification card (T.I.P.).
- Must wear the full official uniform of the company, with the Security Guard badge visible, and the logo of the security company.
Security guard shifts from 8 a.m. to 10 p.m. are compulsory.
- Security guards must remain in the stand or area they are responsible for guarding during their working hours.
- If they are repeatedly found outside their stand or set area without justified cause, or in a stand other than

the one they are working for (even for the first time) this will entitle the Feria de Madrid security services to ask them to leave the fair site, with the security guard and company being responsible for any liability arising from this.

- When Security and Self-Protection Department of Feria de Madrid deems it necessary, it can carry out a visual inspection of the stand or set security area and the belongings of the security guard (bags, briefcases, etc.).
