**IMPORTANT INFORMATION:** The installation company must make known, before the start of assembly, any damage found in the structural elements in the area where the installation is to be performed. In the event it does not, IFEMA shall assume that it is satisfied with the area and any damage detected from then onward shall be assumed to have been caused by the company. Furthermore, the installation company undertakes to collect all of the elements referred to in this authorisation at the end of the fair. In the event it fails to do so or if the facilities are damaged, IFEMA shall invoice the company for the cost incurred to collect, repair and/or return such to their original state.
