1.1 Dates, schedule and venue.

Feriarte will take place in Pavilion 3 of the IFEMA MADRID fairgrounds.

Dates: October 18 to 26, 2025

Opening hours: 11:30 am to 8:30 pm.

Exhibitors hours: from 10:30 a.m. to 9:00 p.m.

The character of the fair is professional and public.

1.1.1 Sectors convened:

FERIARTE is aimed at the exhibition and sale of Art and Antiques.

Sectors: Art galleries, antique dealers and companies related to these sectors.

A selection of firms of unique luxury items such as automobiles, wines, spirits, watches, etc. which, in the opinion of IFEMA MADRID, provide added value and prestige to the benefit of the event, may also exhibit, exclusively at the invitation of IFEMA MADRID.

1.1.2 Opening

On **Friday 17**, exhibitors will have access to the pavilion one hour before the opening time, starting at 17:00. Unless another schedule is determined, which will be announced well in advance, the official opening will be from 19:00 to 21:30 hours, with the doors opening to the public at 18:00 hours.

Attendance at the opening will be by invitation of the exhibitor and/or the show.

In the event that the Show Management determines an **extraordinary opening time**, due to the celebration of a special event, the exhibitor shall be obliged to remain at his stand to attend to the public until closing time. The exhibitor will be notified of such special opening hours sufficiently in advance and always before the entry of goods.

1.2 Organization:

IFEMA MADRID organizes annually in its premises the Antiques and Art Galleries Fair, FERIARTE, the conception, management, realization and administration of which falls on the Management of the Fair appointed for this purpose. The Management of FERIARTE works in close collaboration with the Exhibitors' Advisory Board called the Organizing Committee. In the Organizing Committee, will be represented the institutions that constitute IFEMA MADRID and the exhibitors, being able to incorporate other institutions, organisms and people whose tasks and functions are close to the object of the fair. The appointment of the Organizing Committee will be the exclusive competence of IFEMA MADRID.

The Organizing Committee basically represents the interests of exhibitors before IFEMA MADRID. Membership of the Organizing Committee is honorary and unpaid. The function of this Committee is to advise IFEMA MADRID in the preparation of FERIARTE and to support it, both in general matters of the fair (date, content, etc.) and in specific matters (selection of participating companies, advertising campaign, catalog, activities, etc.).

1.3 What do I have to do to participate?

The participation of antique dealers and art galleries in FERIARTE is, in the first place, by invitation of IFEMA MADRID, at the proposal of the Organizing Committee. This process consists of the prior assessment by the aforementioned Committee of which of the exhibiting firms from the previous edition meet the quality criteria established in the FERIARTE regulations and are therefore invited to participate in the next edition. The Organizing Committee will propose to IFEMA MADRID to reject or suspend the participation of an exhibitor in this or future editions of FERIARTE if any of the following causes occur:

- Failure to comply with the Specific and/or General Rules.
- Failure to comply with the conditions expressed in the Participation Application.
- Presentation or sale of forged works or works of dubious identity.
- The Organizing Committee deems that the works exhibited do not meet the general standards of FERIARTE, in accordance with the provisions of stipulations 1.8.4 (Works to be exhibited) and 1.9 (Objects not admitted) of these Specific Rules.
- The Organizing Committee deems that the decoration and presentation of the stand do not meet the general standards of FERIARTE, in accordance with stipulation 1.11 (Exhibitor's obligation) of these Specific Rules.

APPLICATION FOR PARTICIPATION

1.3.1. EXHIBITORS THAT PARTICIPATED IN THE LAST EDITION

The application for participation is initiated by completing, within the established deadline, the online Application for Participation form accessible from the fair's website along with proof of payment of the corresponding reservation fee.

Companies that apply for participation before **June 25, 2025** will be able to participate in the first allocation of spaces that will take place on **July 2, 2025**.

Completion of the Participation Application Form implies full acceptance of the Specific Rules for Participation and Admission of Exhibits and General Rules for Participation in Exhibitions organized by IFEMA MADRID, the technical annexes, the Specific Rules of this edition and any other generic or specific provisions established by the fair organizers.

Requests for space received after June 25, 2025 will be attended to in order of arrival of the "Participation Application" and the corresponding payment of the reservation fee (an essential requirement that will determine the date of entry of the request for participation).

Once the space has been allocated, the exhibitor will receive the exhibition contract with the statement of accounts and stand plan and, from that moment on, will be able to access the Zona Expo customer portal to manage his participation.

It is mandatory to make the payments indicated in the contract within the established deadlines.

1.3.2. NEW EXHIBITORS

In order to apply to participate in the fair, it is a requirement that the exhibitor's activity, whether it be a company, public or private organization, be included within the sectors covered by the fair.

In addition to the invitations issued by IFEMA MADRID, those antique dealers and art galleries that have not been invited to FERIARTE may apply to participate subject to the following requirements:

- Submission of a written document showing their interest in participating in the fair, accompanied by a professional curriculum vitae showing acquired experience, activities, participation in fairs, specialization and any aspect they consider relevant to be valued.
- Presentation of a dossier with a selection of works to be exhibited at FERIARTE, which must comply with the conditions for the admission of works established in these rules.
- These Rules may be requested from the FERIARTE Management or may be consulted directly on the fair's website. In the event that the Specific Rules of Participation and Admission of Works for the requested edition were not in place at the time of submitting the above-mentioned documentation, those of the previous edition will be taken as a model, a fact that will be taken into account by the Organizing Committee when evaluating the documentation submitted.
- The works must be submitted with a photograph and a brief description of each work (origin, period / date, material, artist's name, title of the work, technique used) and any other information that facilitates the identification of the work, attaching a copy of the certifications they possess.
- Once the documentation has been submitted under the above conditions, the FERIARTE Management will acknowledge receipt of the request in writing.
- The FERIARTE Organizing Committee will analyze all the dossiers provided by the applicants.

The Organizing Committee makes its decisions freely and under its own responsibility. In making its decisions it takes into account the information provided by the applicant firm, as well as that which it possesses as a result of its experience and knowledge. The deliberations, qualifications and classifications will be of a reserved nature, although the score obtained will be made known to the applicant in writing, as well as the decision taken on its participation or not, in accordance with the conditions required in these Specific Rules of Participation and the classification obtained.

Evaluation Criteria

The Committee will evaluate according to the following criteria:

1. Professional trajectory of the applicant firm.

Resolution and Communication of Spaces

Resolution and Communication of Spaces

The Management shall communicate the score obtained in writing and in a reasoned manner to the applicant company. The applicant company may request a review of the score within ten working days following receipt of the communication, alleging and justifying in writing the reasons that, in its opinion, it deems appropriate, in accordance with the provisions of clause 2.3.1 of these Specific Rules.

In the event that there is not enough space available to accommodate all the approved applicant companies, they will be placed on a Waiting List in strict order of score, and will be eligible for space at the fair as soon as it becomes available.

Once their participation in FERIARTE has been accepted, the Management will inform the applicant company of their status as Exhibitor, so that, within a maximum period of 7 working days from the date of receipt of the notification, the Participation Application form may be formalized and the required payments may be made.

The decision to accept the exhibitor will be at the discretion of IFEMA MADRID, taking into account the purpose of the fair and the availability of space. IFEMA MADRID will make one or more space/location proposals depending on the type of participation and/or type and size of stand requested.

1.3.3 MEDIATION COMMISSION

There is a Mediation Commission, within the Organizing Committee, which will attend as observer to the evaluation of dossiers by the aforementioned Committee and, in second instance, will attend to the claims of applicants who have been denied participation in FERIARTE, as well as those arising from the non-admission of pieces in the process of expert appraisal of pieces that takes place in the hours prior to the beginning of the contest.

This Commission will be made up of three members: one representative of the Madrid City Council, another of the Autonomous Community of Madrid and a third one who will be a professional of recognized prestige and experience in the appraisal of works of art, who is not an exhibitor unless he/she is an institutional one.

Procedure of action in relation to claims arising from the denial of participation in FERIARTE:

The procedure for action by the Mediation Committee will be brief and summary, with a hearing for all interested parties in accordance with the procedure detailed below:

- The request for review and the reasons supporting it must be submitted in writing within ten working days from the notification to the exhibitor by IFEMA MADRID of the rejection of its request to exhibit at FERIARTE.
- The Mediation Committee must decide within 20 working days following the submission of the request for review of the score. In the event that, once the score is reviewed, it is favorable to the applicant, the Participation Request will take effect if there is space available to be allocated; otherwise, the applicant will be placed on the waiting list, according to the position to which his/her score corresponds.

The decisions adopted by the Mediation Committee shall be final.

IFEMA MADRID declines all responsibility for any compensation for expenses incurred by the applicant company in connection with its application to participate in FERIARTE.

Procedure to be followed in relation to claims arising from the withdrawal of pieces by the Commission for the Admission of Works:

The functions of the Mediation Commission are:

- Ensure that both the process of expert appraisal and the review of claims on the pieces that have been rejected are carried out with the guarantees and in accordance with the procedures established by the organization.
- Provide an adequate response to the exhibitors' claims, either the ratification of the experts in the rejection of the piece, or, as the case may be, the rectification of criteria and acceptance of the same.

The appeal against the ratification of the Works Admission Committee's decision to reject an object for exhibition shall be submitted within a maximum period of 24 hours, at the Secretariat of the Contest, once the exhibitor has received the corresponding response to the claim submitted, in accordance with the procedure described in section 3.

The Contest Management will submit such appeal to the Mediation Commission for resolution within 48 hours of receipt.

1.4 Allocation of spaces

The allocation of space will be carried out by drawing lots to choose the location of the stand. Exhibitors will be grouped according to the surface area requested. Each exhibitor will choose his space in the turn that corresponds to him by drawing lots.

In order to have access to the choice of stands, the exhibitor must have paid 15% of the amount of the surface area requested, before June 25, 2025.

Activities that may disturb other exhibitors are prohibited and may not exceed 60 decibels.

Promotional activities, distribution and exhibition of samples, leaflets, brochures, flyers and all kinds of promotional material will only be carried out within the space of each exhibitor.

The carrying out of activities that require the contracting of a specific catering service during the fair will require the completion of the "Communication form for catering at stands" available at ifema.es and which should be sent to: catering@ifema.es.

These Specific Regulations are complemented by the General Regulations for Exhibitors' Participation in Exhibitions Organized by IFEMA MADRID, which all exhibitors, by virtue of the fact that they are exhibitors, accept.

1.9.1 Entrance of merchandise and stand decoration

The dates for the access of exhibitors with their merchandise are: **Tuesday, October 14 and Wednesday, October 15, from 08:30 to 21:30 hours. There will be no entry of outside pieces after these dates.**

In the event that, exceptionally, a piece cannot enter during the indicated period, the exhibitor must notify the Show Secretariat in writing, before the last day of entry of merchandise, justifying and documenting such impossibility, which will be studied and ratified by the Organizing Committee, indicating, where appropriate, the time at which it will be reviewed. The description of the piece and its documentation must be attached. Without this requirement, admission of the piece is not guaranteed.

1.9.2 Removal of goods

The removal of exhibition merchandise, decorative elements and merchandise deposited in warehouses must be carried out on Monday, October 29th from 08:30 to 21:30 hours. Neither the packing of pieces nor the removal of merchandise on Sunday, December 1 shall be authorized. Any modification to this schedule will be promptly notified to the exhibitor, being such changes mandatory.

1.9.3 Inspection of exhibited artworks

Works Admission Committee

Para efectuar la inspección de obras, IFEMA MADRID delega en el Comité de Admisión de Obras cuya relación se hace pública por medio del catálogo digital del certamen.

The Management of the Contest, together with the Organizing Committee, will appoint the members of the Works Admission Committee for each edition, which will be made up of personalities from the world of the arts, academics and professionals of recognized prestige and knowledge.

The Works Admission Committee will be headed by a Chairman who will coordinate and resolve any questions arising from the work of the Committee.

The inspection of the exhibited works will be carried out without the presence of the exhibitor, prior to the opening of the fair to the public.

The Works Admission Committee will study the works exhibited and will rule on their admission or non-admission in accordance with the rules described above.

The Admission Committee will proceed to mark with a red label those pieces that it considers unfit to be exhibited at the fair.

Any change in the description of a piece or notification to the exhibitor about the piece, will be given to the exhibitor on a yellow label. This label does not imply the withdrawal of the piece, but only to proceed with what the committee requests on the label.

The Show Secretariat will take note of all the labels, taking photographs of the pieces to be withdrawn.

Schedule and procedure of the works inspection

Thursday, October 16 from 09:00 to 21:30h

The review of pieces will be carried out both in the stands and in the warehouse-customhouse.

On this date, the stands must be set up and decorated so that the Works Admission Committee can examine them. During this activity, access to the exhibition pavilion is forbidden to exhibitors or their employees.

The review of pieces will be carried out exclusively on the aforementioned day; therefore, all the pieces to be exhibited during the fair must be present at the stand or in the customs warehouse.

1. HOW TO PARTICIPATE. SPECIFIC RULES FOR PARTICIPATION

The goods deposited in the warehouse-customs warehouse must bear both the identification label with the name of the stand, stand number and the label of its technical description with which it will be exhibited in the stand.

All the **documentation that has the piece** must be next to it during the day of review.

During the day of review all furniture, showcases, offices or storage rooms in the stand must be **open or keep the keys in their locks** to facilitate the proper inspection of all objects contained therein. No object shall be packed or stacked in such a way as to hinder inspection.

Keys to showcases that you do not wish to leave unlocked may only be delivered to the show secretariat on Wednesday before 8:30 p.m. The keys must bear a label indicating the name of the person handing them in, as well as the name of the exhibiting company and stand number. On Friday the exhibitor must pick up the keys at the Secretariat.

In the event that the committee is unable to inspect the contents of any display case, furniture or storeroom of a booth, the removal of all items not inspected will be required.

Review of Jewelry Stands

Due to the exceptional nature of the merchandise, the examination of jewelry stands will take place on **Thursday, October 16 from 2:00 p.m. to 9:30 p.m.** for complete stands and on Friday, October 17 from 10:00 a.m. to 2:00 p.m. only for stands with small display cases. Jewelers will be summoned at a specific time to have the pieces ready for inspection.

Upon arrival at the stand of the Admission Committee, the exhibitor must leave the stand during the inspection and may not intervene.

Once the inspection has been completed, the exhibitor shall be called to know the result of the inspection and proceed to remove the non-admitted parts, if applicable.

1.9.4 Results of the inspection of parts

Exhibitors will have access to their stands on Friday, **October 17 from 09:00 to 14:00 hours** to check the results of the inspection of parts. **In the event that there are any rejected pieces marked with a red label, the exhibitor must remove them from his stand or from the warehouse-customs warehouse before 12:00 noon.** Failure to comply with this rule may result in immediate closure of the stand.

In the case of bulky pieces, the exhibitor must be prepared to be able to move the pieces within the indicated period, and there will be no justification for the impossibility of removal. If the rejected pieces are not removed within the established term, the Show Management may request the official transporters of the fair to proceed with their transfer to the general warehouse, being the expenses derived from these charges invoiced to the owner, who will be responsible for these pieces.

The pieces may be taken to the “general warehouse” or taken outside. In both cases, at the moment of being withdrawn, the red label of the piece will be given to the control personnel.

Any piece deposited in the warehouse must keep, at all times, the identification label with the exhibitor's name, stand number and description of the piece, which will be provided by the control personnel.

If, once the fair has begun, the organization finds a piece in a stand that does not comply with these admission rules, it will require the exhibitor to immediately remove it from the stand.
