1.2 What do I have to do to participate?

The application to participate starts by filling in, within the established deadline, the online **Participation Application form** accessible from **the fair's website**.

This form will allow us to inform you in the most complete way and make you a proposal for participation. You can check the booking and payment deadlines on the form itself and in the Exhibitor's Calendar.

The presentation of the Application to Participate implies full acceptance of **the General Rules of Participation in Exhibitions organised by IFEMA MADRID**, the technical annexes, the Specific Rules of this edition and any generic or specific provisions established by the fair organisers.

The exhibitor company is the company that will participate in the fair, in whose name the application to participate as an exhibitor is completed.

In order to apply to participate in the fair, the exhibitor's activity, whether it is a company, public or private organisation, must fall within the sectors covered by the event.

By clicking on the submit application button, the exhibitor confirms to IFEMA MADRID that he/she is seriously interested in participating as such and in receiving a proposal.

From the same application form, if the process is not completed, it is possible to request information and quotations, which does not imply a request for quotation and does not require payment of a reservation fee.

In the event that the CONTRACTING COMPANY designates another entity as the BILLING COMPANY, the details of both must be included in the application form. No changes of invoicing company will be authorised after the first invoice has been issued.

Exhibitors who have not paid in full for the space contracted and the costs of the services requested **will not be authorised to occupy the space and, where applicable, will not be handed over the modular stand**.

If the exhibitor renounces his participation, this shall be grounds for forfeiture of the amount paid in advance. If the exhibitor withdraws within 30 days prior to the opening of the Show, full payment for the space may be demanded, even if it is subsequently occupied by another exhibitor.

FIRST ALLOTMENT

Former exhibitors of FIAA 2022 and FIAA 2024 who submit their **Application to Participate before 1 November 2025** will be given priority in the selection of spaces. During the month of November, applications from former exhibitors received in due time and form will be awarded.

NEW REQUESTS FOR PARTICIPATION

Requests for space received after 1 November 2025 will be dealt with on a first-come, first-served basis from 1 December 2025. New exhibitors will choose the location of their stand, once the spaces of former exhibitors have been allocated, in order of receipt of applications and from largest to smallest surface area

1.3 Contracting and allocation of space.

The decision to accept the exhibitor will be at the discretion of IFEMA Madrid, taking into account the purpose of the fair and the availability of space.

IFEMA Madrid will make one or more proposals for space/location depending on the type of participation and/or type and size of stand requested. This proposal constitutes a contracting offer. If the contracting party accepts the offer by email or during the space selection meeting, he/she will be formalising the contract for participation in the fair, which constitutes a binding commitment that cannot be revoked by the applicant.

The space will be allocated after acceptance, in writing, by the exhibitor.

The exhibitor will receive the exhibition contract with the statement of accounts and a plan of the location and dimensions of their stand/s and will then be able to access the Zona Expo customer portal to manage their participation.

It is essential to make the payments indicated in the contract within the established deadlines.

The Show Organisers reserve the right to change stand locations for justified reasons.

REGULATIONS AND ASSEMBLY OF YOUR SPACE

Installation of recyclable carpeting in common areas: in line with IFEMA MADRID's commitment to the 2030 SDGs (United Nations Sustainable Development Goals), as indicated in the [Guide for Sustainable Participation in Fairs and Events](#), and with the aim of optimizing the process of installation and removal of recyclable fair carpeting for subsequent reuse and consequent elimination of the protective plastic at source, the schedules of entry and exit of goods must be adapted to these processes and will be reflected in the corresponding point. Thank you for your collaboration with our environmental commitment.

IFEMA MADRID carpets the aisles throughout the fair and, for reasons of sustainability, does so with reusable strips of standard sizes and, as a result, leaving a small strip of carpet free on the edges of the aisle/s that border the stands. **These non-carpeted strips are part of the aisle and not of the stands and therefore the exhibitor is not authorized to cover or decorate them.** We request the exhibitor's cooperation in respecting this decision; IFEMA MADRID staff will monitor compliance as far as possible, and will demand the removal of any carpeting that invades these strips and, if, **despite the controls, the strip is invaded, the invaded aisle space will be invoiced to the exhibitor as space.**

Once the stand has been set up, any changes in the location of all the elements that have not been communicated on the established date will be invoiced.

To contract services, you must do so through our online channel, which you can access from the following link: [Commerce](#).

1. HOW TO PARTICIPATE. SPECIFIC RULES FOR PARTICIPATION

FIAA

1.9 Specific rules of participation

The decision to accept the exhibitor will be at the discretion of IFEMA Madrid taking into account the purpose of the fair and the availability of space. The minimum surface area for contracting is 16 sq.m.

The management of the fair may alter the assigned spaces or make changes in the distribution of the pavilions for organizational reasons. Without prejudice to the Management of the fair informing exhibitors in case of relocation or significant alteration of the reserved location, each exhibitor is obliged to inform himself of the location of his stand, its exact dimensions, etc.

No exhibitor or visitor who cannot be accredited as belonging to the participating professional groups is allowed access, even if they have the corresponding pass or invitation. The exhibitor is obliged to attend his stand and remain with the products exhibited during the entire period and opening hours of the event. Failure to comply with these regulations could mean the loss of the right to preferential renewal of the space allocated.

The direct sale of any type of articles exhibited at the fair is strictly forbidden. The exhibitor authorizes IFEMA MADRID the possible total or partial reproduction of the products exhibited in its promotional material.

The exhibitor agrees to respect the rules and guidelines for the protection of the environment.

Activities that may disturb other exhibitors are prohibited and may not exceed 60 decibels.

Promotional activities, distribution and exhibition of samples, brochures, leaflets, flyers and all kinds of promotional material shall be carried out only within the space of each exhibitor. Activities requiring the contracting of a catering service during the fair will require the completion of the "Communication form for catering at stands" available at ifema.es and which should be sent to: catering@ifema.es The installation by exhibitors of WIFI access points, either for INTERNET connection or for the presentation of other functionalities, is expressly forbidden.

The purpose of this measure is to avoid interference problems, both with the points that may be installed independently by each Exhibitor, as well as the access points of IFEMA MADRID. Such interference could cause the WIFI networks present not to work. For further information, please refer to Article 33 of the General Regulations for Exhibitor Participation in Exhibitions Organized by IFEMA MADRID.

CHANGES IN PARTICIPATION

Once space has been awarded to a company, requests to change the dimensions of the space may involve changes in location.

CANCELATION

The Exhibitor's withdrawal from participation in the Show shall be grounds for termination of the contractual relationship between IFEMA MADRID and the Exhibitor for all purposes. The resignation must be communicated to the Show Management in writing addressed to the same and will entail the loss of the amounts that the exhibitor should have paid at the date of communication, according to the schedule of payment deadlines reflected in the Application for Participation. If the cancellation has been communicated to the Show Management within thirty days prior to the opening of the event, IFEMA MADRID may require the exhibitor to pay the full amount of the contracted space.

In relation to the additional services offered by IFEMA MADRID that the exhibitor had contracted prior to the communication of the cancellation, the cancellation charges established in article 7 of the general conditions of admission and contracting in events organized by IFEMA MADRID will be applicable.

In the **event of cancellation** of the fair due to force majeure, the amounts paid for concepts related to on-site participation will be refunded, according to Article 15 of the **General Rules of Participation in events organized by IFEMA MADRID**.

These Specific Rules, including the participation and set-up regulations of this chapter, are complemented by the **General Regulations for Exhibitors' Participation in Exhibitions Organized by IFEMA MADRID**, which all exhibitors, by virtue of being exhibitors, accept.

3.1 How to make my participation profitable

Participating as an exhibitor at FIAA is a strategic investment to give visibility to your brand, present new products and strengthen commercial relationships. To maximize the return on this investment, it is essential to activate a comprehensive communication plan before, during and after the event. Here are some keys to make your presence profitable.

3.2 Exhibitors Catalog.

The trade show catalog, or list of exhibiting and co-exhibiting companies, is an indispensable promotional and networking tool. It provides visitors and other exhibiting companies with the basic information to prepare for the fair and makes it easier for them to find and contact you before, during and after the event.

- Enter and update your contact details, the products or services presented and the information you consider relevant to give the highest visibility to your company and get the highest return on your participation.
- The entire environment and digital communication of your participation is channeled through Live Connect.
- Take full advantage of the platform offered by IFEMA to communicate your participation, schedule appointments, showcase your products and contact your target audience.

3.3. Networking

Enrich your contact list.

LIVE Connect gives you the opportunity to search for contacts among your participants. You can use filters by country, activity, position, products of interest, etc., to perform searches. Once you have located potential customers, you can ask them to contact you (by sharing information such as email and telephone number). Once they have accepted you, you can chat with them or invite them to a face-to-face meeting at the trade show or by videoconference at the event in LIVE Connect.

Be proactive and take advantage of the opportunity to build a good contact list.

Other users will be able to request meetings by addressing their request either to the company in general (without prior acceptance of the contact) or to a particular team member (prior contact). In this way, the whole team will be able to schedule their schedule of appointments at the fair well in advance.

3.4. LIVE Connect Digital Platform. Other Exhibitor plans.

Being a FIAA exhibitor includes the CONNECT exhibitor plan.

LIVE CONNECT extends the visibility of your brand beyond the days of the fair, allowing you to connect with potential customers throughout the year.
