1. General build up regulations

Premium customisable shell scheme stand.

All companies must build a stand which includes at least stand walls between their stand and the hall wall and neighbouring stands depending on their stand location.

For **security** reasons, and as a general and permanent preventive measure, **it is compulsory to wear a safety helmet, high-vis jacket and safety shoes during the build-up and breakdown phases of the trade fair in all exhibition areas.**

During build-up it is not necessary to have a pass, which is why passes for build-up do not exist.

Build up activities cannot begin without completing, signing and sending the **«Prevention of Labour Risks and Business Activity Coordination»** available

on the IFEMA MADRID website ifema.es – Exhibitors – Rules of Participation **(Article 15 WORKPLACE SAFETY REGULATIONS - CO-ORDINATION OF BUSINESS ACTIVITIES FROM GENERAL RULES OF PARTICIPATION FOR EXHIBITORS AT TRADE FAIRS ORGANISED BY IFEMA MADRID).**

Traffic flow and vehicle parking regulations during the event: inside the trade fair grounds it is expressly prohibited to park vehicles in the loading and unloading areas. They must be parked in the designated areas and where required; the corresponding fee paid. Once the event has begun, it is not permitted to drive any vehicle inside the halls and the “avenida” without express authorisation from IFEMA MADRID ([article 14 of the general terms in General Rules of Participation at IFEMA MADRID](#)).

CONTACT

We offer vinyl decoration for stand walls. See vinyl **decoration pricing and measurements here** or contact decoraciongrafica@ifema.es.

Removal by the exhibitor of any element of the shell scheme stand does not reduce the cost. All materials used, both structural and electrical, are rented, and therefore, any damages shall be billed at current rates.

Remember that you can [order additional services](#) or use the **promotional tools** available to obtain greater visibility and added value from your participation in the show.

We will make every effort to build the basic stand layout with requested extras according to the needs of the exhibitor providing it is structurally sound, technically possible and if the plan is received at least 15 days before the first day of build-up.

Once the stand has been built, any changes which have not been previously requested shall be billed to the client.

All shell scheme stands involving an interior decoration with panels, sections, totems, platforms/floorings, trusses, etc., must send their stand drawings and project plans Technical Secretariat before Tuesday 13 September. Please submit your project to the IFEMA Exhibition Services Management Team by email to stecnica@ifema.es.

Schell scheme stands will be ready for hand-over from 2 October at 8.30 am.
