- Delivery & Packaging
- Wellness & Gym

1.2 What to do to participate?

To apply to participate, you must complete the online Application Form available on the fair's [website](#) within the established deadline.

This form will allow us to provide you with comprehensive information and make you a proposal for participation. You can check the reservation and payment deadlines on the form itself and in the Exhibitor Calendar.

Submission of the Application Form implies full acceptance of the **General Rules for Participation in Exhibitions**, organised by IFEMA MADRID, the technical annexes, the Specific Rules for this edition and the provisions, whether general or specific, established by the exhibition organisers.

The exhibiting company is the company that will participate in the fair, on whose behalf the application to participate as an exhibitor is completed.

To apply to participate in the fair, it is a requirement that the activity of the exhibitor, whether a company, public or private organisation, falls within the sectors covered by the event.

By clicking on the "send application" button, the exhibitor confirms to IFEMA MADRID that they are seriously interested in participating as such and in receiving a proposal. From the same application form, if the process is not completed, it is possible to request information and quotes, which does not constitute a request for a quote.

If the CONTRACTING COMPANY designates another entity as the INVOICING COMPANY, the details of both must be included in the application form. No changes to the invoicing company will be authorised once the first invoice has been issued.

1.3 Booking and allocation of spaces.

FIRST ALLOCATION

To participate in **GUEXT 2026**, you must submit the completed **Participation Application Form** and pay the indicated reservation fee. Companies that submit this documentation **before 27 March 2026** will participate in **the first allocation process**, which will take place **in the second half of April 2026**, optimizing their chances of selecting a preferred space. We will provide further information regarding the space selection criteria applied during this first allocation.

NEW PARTICIPATION REQUEST

Space request **received after 27 March 2026 will be handled in order they are received**, based on the submission of the Participation Request and the corresponding reservation fee payment (the latter being a requirement that will determine the official request submission date). **This will be processed in the second half of May 2026**.

The allocation of spaces will be carried out by the Event Management, taking into account the needs of GUEXT as a whole, sectorisation and image, as well as attempting to accommodate the preferences of companies and affinities between products of a similar style within the existing availability.

The Event Management reserves the right to change the location of the stands occupied by exhibitors from one edition to another, if it deems it appropriate for reasons of sectorisation, product or image.

The space will be allocated after acceptance, in writing or during a space selection meeting, by the exhibitor.

The exhibitor will receive the exhibition contract with the statement of account and stand plan(s) and from that moment on will be able to access the EXPO ZONE customer portal to manage their participation.

It is essential to make the payments indicated in the contract within the established deadlines.

1.4 Participation Options

- **Exhibitor:** individual or legal entity that has space at the Event. The exhibiting company is the one in whose name the application to participate as an exhibitor is completed.

STAND REGULATIONS AND ASSEMBLY

Installation of recyclable carpet in common areas: in line with IFEMA MADRID's commitment to the 2030 SDGs (United Nations Sustainable Development Goals), as indicated in the **Guide to Sustainable Participation in Trade Fairs and Events**, and with the aim of optimising the process of installing and removing recyclable exhibition carpet for subsequent reuse and the consequent elimination of protective plastic at source, the times for the entry and exit of goods must be adapted to these processes and will be reflected in the corresponding point. Thank you for your cooperation with our environmental commitment.

IFEMA MADRID carpets the aisles throughout the fair and, for sustainability reasons, does so with reusable strips of standard sizes, leaving a small strip of carpet free at the edges of the aisle(s) bordering the stands.

These uncarpeted strips form part of the aisle and not the stands, and therefore exhibitors are not authorised to cover or decorate them. We kindly ask exhibitors to cooperate with this decision; IFEMA MADRID staff will monitor compliance as far as possible and will require any carpet that encroaches on these strips to be removed.

If, despite these controls, the strip is encroached upon, the encroached aisle space will be billed to the exhibitor as space.

Modular stands. Regulations and customisation.

All modular stands that include interior decoration with panels, profiles, totems, platforms, trusses, etc., **MUST UPDATE their project in THEIR EXPO ZONE before 11 September 2026.**

The removal or replacement of any element of the modular stand by the exhibitor does not imply a reduction in cost. All materials used, both structural and electrical, are rented and any damage will be invoiced according to the current rate.

The layout of all the elements that make up the stand, any extras requested, as well as the structural elements necessary to support the stand, will be adapted to the exhibitor's needs, provided that this is technically feasible and the plan with the relevant instructions IS UPLOADED TO THE EXPO ZONE one month before the start of assembly: 11 September 2026.

CUSTOMISE YOUR STAND WITH US: GRAPHIC DECORATION FOR STANDS

Customise your modular stand with your brand image to make the maximum impact on visitors. We offer a wide range of versatile graphic materials (vinyl, foam, Forex, canvas, etc.) that can be adapted to all elements of your stand (walls, furniture, front panels, banners, displays, etc.). Request more information and a quote. Our specialised team will monitor production and installation. decoraciongrafica@ifema.es

Once the stand has been assembled, any changes to the location of any elements that have not been communicated by the established date will be invoiced.

Freely designed stands. Regulations and assembly

Companies that choose to build their **own stands** must **UPLOAD THEIR DESIGN TO THE EXPO ZONE** for approval before **11 September 2026**.

If your design includes a rigging structure, you must send a specific design to rigging@ifema.es before **11 September 2026**.

Assembly rights

The company responsible for assembling a stand must pay IFEMA MADRID, before commencing such work, the assembly fees corresponding to the services provided during the assembly and dismantling period of the Fair.

If, as the main exhibitor, you wish to assume payment of these assembly fees and have them included in your invoice, you must contract this service in the EXPO ZONE.

In order to be more efficient and provide you with better service, avoiding incidents during set-up, IFEMA MADRID has begun **to apply a last-minute surcharge to the contracting of set-up rights, as is the case with the rest of our services. This surcharge increases the price by 25% when the contract is signed during the week prior (7 days prior) to the start of assembly, during assembly, the event itself and dismantling.**

We remind you that assembly rights apply to free design assemblies and can be contracted with a 5% discount if the contract is made up to 30 days before the start of the fair assembly.

1.8 Specific Rules of Participation

The decision to accept the exhibitor will be at the discretion of IFEMA MADRID, taking into account the purpose of the fair and the availability of space.

The minimum area to be contracted is 16 sq.m.

The event management may alter the spaces allocated or make changes to the layout of the halls for organisational reasons.

Notwithstanding the fact that the event management will inform exhibitors in the event of a significant change or alteration to the location reserved, each exhibitor is responsible for finding out the location of their stand, its exact dimensions, etc.

Access is not permitted to any exhibitor or visitor who cannot prove that they belong to the participating professional groups, even if they have the corresponding pass or invitation.

Exhibitors are obliged to attend their stand and remain with the products on display throughout the entire period and opening hours of the event. Failure to comply with this regulation could result in the loss of the right to preferential renewal of the allocated space.

For security reasons, the storage of packaging in the pavilions is strictly prohibited. Exhibitors authorise IFEMA MADRID to reproduce all or part of the products on display in its promotional material. The exhibitor undertakes to comply with the environmental protection rules and guidelines.

Activities that **may disturb other exhibitors are prohibited and may not exceed 60 decibels**. Sound equipment used must be directed towards the interior of the stand at a maximum height of 2 metres above the floor.

Under no circumstances may it be directed towards the exterior, adjacent corridors or neighbouring stands. The use of live music is not permitted, nor are procedures that increase sound levels, such as horns or sirens, etc. Failure to comply with this provision will result in the power supply being cut off, after prior warning by the Event Management and/or security personnel.

Companies that include stages in their stands must set them up facing the widest aisle and indicate their location in the project to be submitted to the Technical Secretariat for approval.

The location and orientation of all audiovisual and/or technical elements must also be marked. Promotional activities, the distribution and display of samples, brochures, leaflets and all kinds of promotional material may only be carried out within each exhibitor's space.

All activities **carried out inside your stands must be communicated to the exhibition for authorisation before 15 September at guext@ifema.es**, indicating the subject Activity and the stand number..

The performance of activities that require the hiring of a one-off **catering service** during the fair will require the completion of the form 'Notification for catering at stands' available at ifema.es, which must be sent to: catering@ifema.es

Exhibitors are expressly prohibited from installing Wi-Fi access points, whether for internet connection or for the presentation of other functionalities. The purpose of this measure is to avoid interference problems, both with access points that may be installed independently by each Exhibitor and with IFEMA MADRID access points. Such interference could cause the existing Wi-Fi networks to malfunction. For further information, please refer to Article 33 of the General Regulations for Exhibitor Participation in Events Organised by IFEMA MADRID.

CONFIRMATION OF SPACE

Once a proposal for location and surface area has been accepted, the Application for Participation constitutes an irrevocable commitment by the applicant. Once the final details of the application have been agreed, the exhibitor will receive the corresponding Exhibition Contract from the Exhibition Management, including the statement of account and location plan and dimensions of the stand(s), as well as all the information on the services offered by IFEMA MADRID, which will enable them to maximise the profitability of their presence at the fair. It is essential to make the payments indicated in the application form within the established deadlines.

CANCELLATION

The exhibitor's withdrawal from participation in the Exhibition shall constitute grounds for termination of the contractual relationship between IFEMA MADRID and the Exhibitor for all purposes. The withdrawal must be communicated to the Exhibition Management in writing and will result in the loss of any amounts that the exhibitor should have paid by the date of communication, in accordance with the payment schedule set out in the Application Form.

If the withdrawal has been communicated to the Exhibition Management within thirty days prior to the opening of the event, IFEMA MADRID may require full payment for the space contracted.

With regard to any additional services offered by IFEMA MADRID that the exhibitor had contracted prior to notification of the withdrawal, the cancellation charges set out in Article 7 of the general conditions of admission and contracting for events organised by IFEMA MADRID shall apply.

In the event of cancellation of the fair due to force majeure, the amounts paid for items related to physical participation will be refunded, in accordance with Article 15 of the General Rules for Participation in Events Organised by IFEMA MADRID. **These Specific Rules**, including the rules on participation and assembly in this chapter, are supplemented by the General Regulations for Exhibitor Participation in Events Organised by IFEMA MADRID, which all exhibitors accept by virtue of their participation.

2.3. Co-Exhibitor registration

The registration of co-exhibitors must be carried out by the main exhibitor from the EXPO ZONE, under the section 'Manage your participation/Register co-exhibitors'.

To register, it is essential to enter a correct and unique email address for each co-exhibitor and indicate whether the participation fee (CONNECTA PLAN) will be paid by the main exhibitor or by the co-exhibitor themselves.

Co-exhibitor status implies the mandatory purchase of the elements included in the CONECTA PLAN (Marketing and Communication Pack + liveconnect):

Registration fee per co-exhibitor 417€ + VAT (1)

Once this process is complete, the co-exhibitor will receive a unique code that must be included in their application form.

*If the exhibitor assumes the cost of the co-exhibitor's participation, their registration will be confirmed upon submission of the application form (mandatory requirement).

*If the co-exhibiting company assumes the cost of their participation, their registration will be confirmed upon submission of the participation application and payment of the corresponding amount.

Each registered co-exhibitor will have access to the elements included in the CO-EXHIBITOR CONNECT PLAN:

- Access to GUEXT liveconnect.

(1) Companies established in Spain (excluding the Canary Islands, Ceuta and Melilla): 10% VAT not included. For all other companies, this transaction is not subject to Spanish VAT. In the case of companies from the European Union, the exhibitor will be responsible for any VAT that may be payable in their country of establishment.

Each exhibitor will have professional online invitations to send to their contacts.

If you require additional invitations, please send an email to guext@ifema.es, indicating the exact number required.

The following screen will then appear to customise the sending:

We urge exhibitors to make good use of invitations, sending them exclusively to professionals in the sector to ensure the professionalism of the fair. Access controls may be carried out for this purpose.

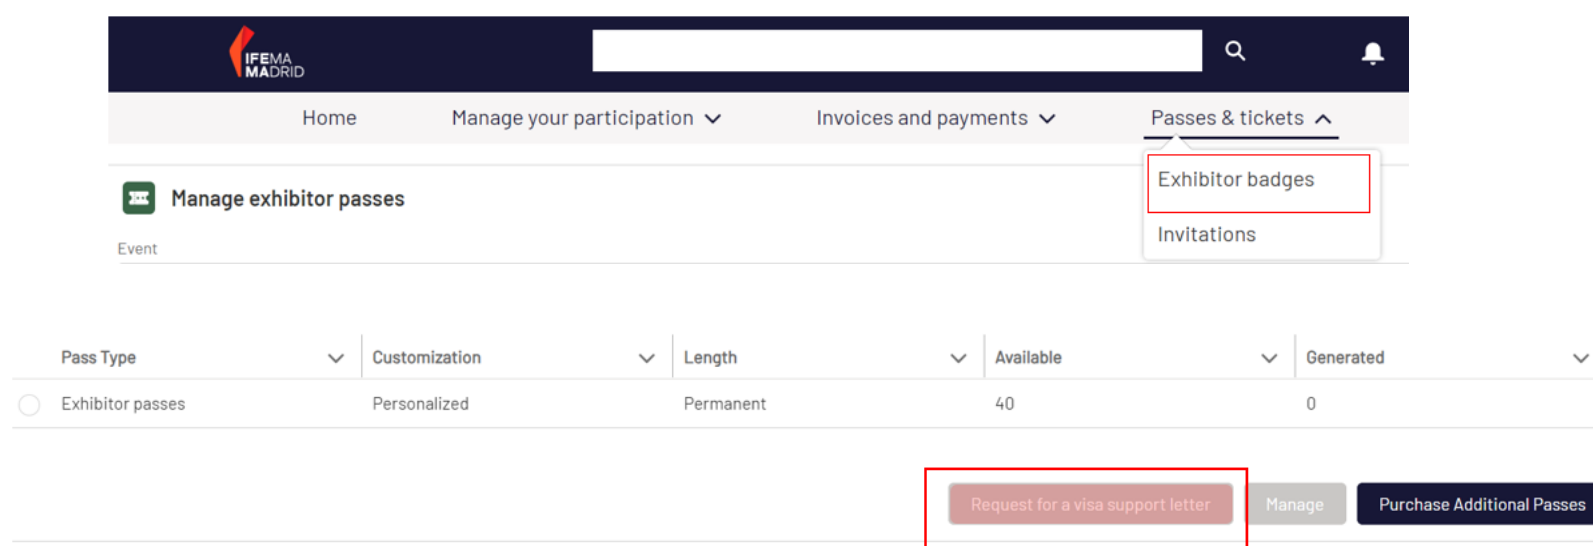

Professionals who receive the invitation code must register ONLINE via the GUEXT website ifema.es/guext, in the 'Get your pass' section, and enter the invitation code received to obtain their free pass to access the fair. (Invitation codes cannot be exchanged at the counter).

It will be absolutely necessary for all Professional Visitors who are going to access the venue with a Professional Invitation to be accredited as Professionals, through ifema.es/Guext.

VISA MANAGEMENT

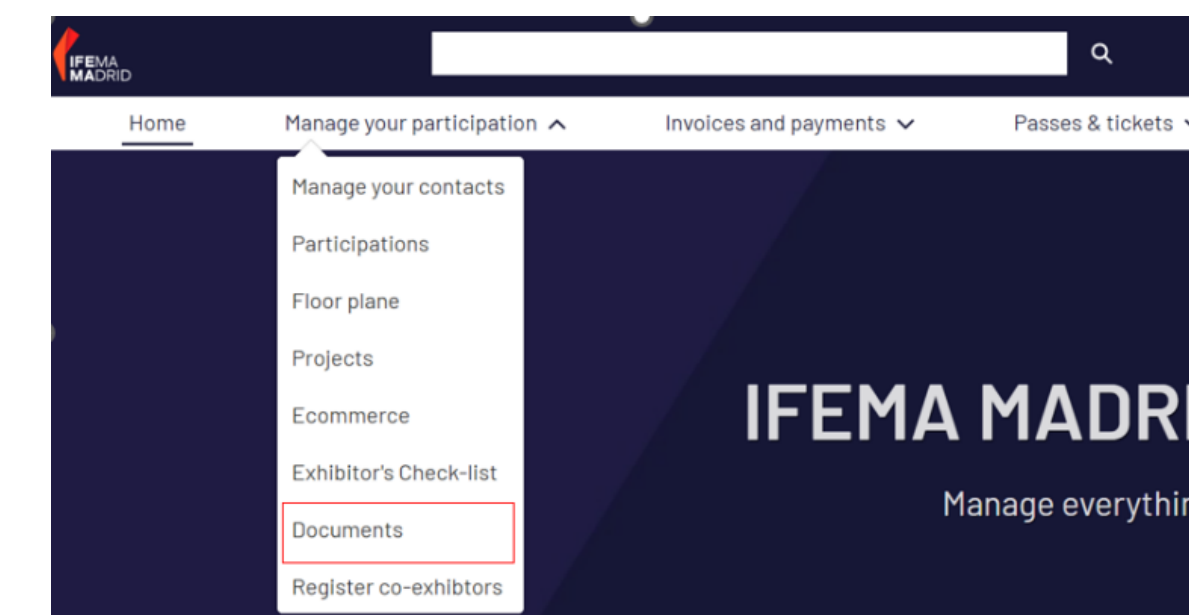

If you require a visa to travel, please contact us by sending an email to guext@ifema.es so that we can activate this option for you. Once activated by the sales department, you can manage your letters of support online from the EXPO ZONE. It is essential that you generate your exhibitor pass in advance and that your payments are up to date. (See point 1.8)

We advise you to start the process as soon as possible, as the deadline for visa applications is usually at least 60 days before travelling.
