1.1 Dates, Schedule, and Venue. Invited Sectors

MATELEC will take place at the **IFEMA MADRID exhibition centre from 18 to 20 November 2025** from **10.00am to 7.00pm**. Exhibitors will be able to enter the venue from 9.00 am and leave it before 7.30pm.

The virtual event via the LIVE Connect platform will be open from 15 September to 18 December 2025.

The character of the fair is 'professional'.

To apply to take part in the fair, it is a requirement that the activity of the company, public or private organisation, falls within the sectors covered by the fair: MATELEC 2025.

1.2 What do I have to do to participate?

The application to participate begins by completing, within the established deadline, the online Application to Participate form available on the fair's [website](#).

The submission of the Application to Participate implies full acceptance of the **General Rules of Participation in Exhibitions organised by IFEMA MADRID**, the technical annexes, the Specific Rules of this edition and any generic or specific provisions established by the fair organisers.

The exhibitor company is the company in whose name the application to participate as an exhibitor is completed.

In order to apply to participate in the fair, it is a requirement that the exhibitor's activity, whether it is a company, public or private organisation, is included within the sectors covered by the event.

By clicking on the send application button, the exhibitor confirms to IFEMA MADRID that he/she is seriously interested in participating as an exhibitor and in receiving a proposal.

The decision to accept the exhibitor shall be at the discretion of IFEMA MADRID, taking into account the purpose of the fair and the availability of space.

IFEMA MADRID will make one or more space/location proposals depending on the type of participation and/or type and size of stand requested. This proposal constitutes a contracting offer. If the contracting party accepts the offer/quote in writing/email/signature or during a meeting to choose spaces, the contract for participation in the fair will be formalised.

1.3 Contratación y adjudicación de espacios.

1.9 Specific fair regulations

The minimum space for booking is 16m².

All companies are required to set up their stand, which must include, at a minimum, partition walls with the pavilion wall and neighboring stands, depending on the location.

In cases where only the floor space is rented (custom-designed stands), the company responsible for assembling the stand must pay IFEMA MADRID, before the assembly work begins the corresponding assembly rights fees for the services provided during the fair's assembly and dismantling period. If the exhibitor wishes to assume this fee and have it included in their invoice, they must arrange this in their EXPO ZONE.

The event management reserves the right to modify the assigned spaces or make changes to the layout of the pavilions for organizational reasons.

Without prejudice to the MATELEC Management informing exhibitors in the event of relocation or significant alteration of the reserved location, each exhibitor is obliged to inform himself of the location of his stand, its exact dimensions, etc.

Any exhibitor who has not paid the full fee for the space booked as well as any costs for services requested, shall not be permitted to either occupy the stand space or have the modular stand delivered.

Access will not be granted to any exhibitor or visitor who cannot prove they belong to the participating professional groups, even if they hold the relevant pass or invitation.

The exhibitor must not leave their stand unattended and must remain with the products on display throughout the entire period and opening hours of the exhibition. Non-compliance with this regulation could mean losing the right to preferential renewal of the allocated space.

The direct sale of goods is strictly forbidden.

Exhibitors authorise IFEMA MADRID to reproduce all or part of their stand and the products, services and activities carried out therein.

The exhibitor undertakes to comply with the rules and guidelines for protecting the environment.

Activities that may disturb other exhibitors are prohibited, and noise levels must not exceed 60 decibels.

Promotional activities, distribution, and display of samples, brochures, flyers, and all promotional materials must take place exclusively within each exhibitor's designated space.

If catering services are required during the MATELEC event, the exhibitor must fill out the "Notification for catering at stands" form available at ifema.es and send it to catering@ifema.es

Exhibitors are expressly forbidden from setting up Wi-Fi access points for Internet connections or other functionalities. This measure is to avoid interference with independently installed Wi-Fi points and IFEMA MADRID's access points. Such interference could cause Wi-Fi networks to malfunction. For more information, see Article 33 of the General Regulations for Exhibitor Participation in Events Organized by IFEMA MADRID.

These Specific Regulations are complemented by the General Regulations for Exhibitor Participation in Events Organized by IFEMA MADRID, which all exhibitors accept by participating.

1.9 Specific fair regulations

CONFIRMATION OF SPACE

Once a proposal of location and surface area has been accepted, the Application for Participation constitutes a non-revocable commitment by the applicant.

Once the final details of the application have been agreed upon, the exhibitor will receive from the Show Management the corresponding Exhibition Contract with the statement of accounts and plan of location and dimensions of the stand/s, as well as all the information on the services offered by IFEMA MADRID, which will allow him/her to make the most of his/her presence at the fair.

It is essential to make the payments indicated in the participation application form within the established deadlines.

CANCELLATION

The Exhibitor's withdrawal from participation in the Show shall be grounds for termination of the contractual relationship between IFEMA MADRID and the Exhibitor for all purposes. The resignation must be communicated to the Show Management in writing addressed to the same and will entail the loss of the amounts that the exhibitor should have paid at the date of communication, according to the schedule of payment deadlines reflected in the Application for Participation.

If the cancellation has been communicated to the Show Management within thirty days prior to the opening of the event, IFEMA MADRID may require the exhibitor to pay the full amount of the contracted space.

In relation to the additional services offered by IFEMA MADRID that the exhibitor had contracted prior to the communication of the cancellation, the cancellation charges established in article 7 of the general conditions of admission and contracting in events organized by IFEMA MADRID will be applicable.

In the event of cancellation of the fair due to force majeure, the amounts paid for concepts related to on-site participation will be refunded, according to Article 15 of the **General Rules of Participation** in events organized by IFEMA MADRID.

1.9 Specific fair regulations

General assembly regulations

All companies are obliged to assemble their stand, including at least the dividing walls with the pavilion wall and with the adjacent stands, depending on their location.

For **safety** reasons, and as a general and permanent preventive measure due to the concurrence of activities, **it is mandatory to wear a protective helmet, high visibility vest and safety footwear during the assembly and disassembly phases of fairs and events in all exhibition areas.**

During assembly, it is not necessary to carry passes; therefore, there are no assembler's passes.

No assembly work may begin without the prior completion and submission to IFEMA of the Protocol "[Prevention of Occupational Risks and Coordination of Business Activities](#)" available on the website of IFEMA MADRID ifema.es - Exhibitors -Participation Rules -Forms (Article 15 of the general rules for participation in fairs organized by IFEMA MADRID. available at IFEMA MADRID ifema.es website ifema.es -Exhibitors -Participation Rules -Forms (Article 15 of the general rules for participation in fairs organized by IFEMA MADRID. available at IFEMA MADRID website.

Regulations for the circulation and parking of vehicles during the event:

inside the fairgrounds it is expressly forbidden to keep vehicles parked in the loading and unloading areas, so that they may only be parked in the areas designated for this purpose, paying the corresponding fee, if applicable. Once the event has opened, it is not allowed to circulate with any vehicle inside the halls and the avenue, unless expressly authorized by IFEMA MADRID (article 14 of the general provisions of the General Rules of Participation of IFEMA MADRID).

Installation of recyclable carpeting in common areas: in line with IFEMA MADRID's commitment to the 2030 SDGs (United Nations Sustainable Development Goals), as indicated in the [Guide for Sustainable Participation in Fairs and Events](#), and with the aim of optimizing the process of installation and removal of recyclable fair carpeting for subsequent reuse and consequent elimination of the protective plastic at source, the schedules of entry and exit of goods must be adapted to these processes and will be reflected in the corresponding point. Thank you for your collaboration with our environmental commitment.

IFEMA MADRID carpets the aisles throughout the fair and, for reasons of sustainability, does so with reusable strips of standard sizes and, as a result, leaving a small strip of carpet free on the edges of the aisle/s that border the stands. These non-carpeted strips are part of the aisle and not of the **stands and therefore the exhibitor is not authorized to cover or decorate them.** We request the exhibitor's cooperation in respecting this decision; IFEMA MADRID staff will monitor compliance as far as possible, and will demand the removal of any carpeting that invades these strips and, if, despite the controls, the strip is invaded, **the invaded aisle space will be invoiced to the exhibitor as space.**

Management of waste and assembly and exhibition materials: all companies participating in the assembly and dismantling of stands at the fair/event must manage, as directly responsible, the waste they generate for their removal within the deadlines. IFEMA MADRID will make available the possibility of hiring containers to facilitate the selection and removal of waste and will supervise the same (see rates in Customer Portal ZONA EXPO, in Contracting Services, section on cleaning and waste containers).

The exhibitor shall lose any right to claim for loss or damage to materials still remaining in the exhibition areas of the pavilion after the deadline and shall bear the costs related to their removal, which will be invoiced by IFEMA MADRID in accordance with the established rates (see art. 35 of the general regulations for exhibitors' participation in events organized by IFEMA MADRID).

At IFEMA MADRID we are not only fully committed to sustainability per se, but also to achieving the sustainable development goals (hereinafter SDGs) promoted by the United Nations, which we have incorporated into our strategic corporate management policy and culture

IFEMA MADRID's sustainability policy is mainly focused on the following SDGs: 8, 9, 11, 12, 13, 16 and 17.

IFEMA MADRID'S sustainability policy is mainly based on the following SDGs: Nos. 8, 9, 11, 12, 13, 16 and 17.

ISO Standards certified by IFEMA MADRID:

- ISO 9001: Quality Management,
- ISO 20121: Event Sustainability Management.
- ISO 14001: Environmental Management,
- ISO 50001: Energy Management,
- ISO 22320: Emergencies Management.

ACTIONS TAKEN AT IFEMA MADRID TO REDUCE GAS EMISSIONS AND BE MORE ENERGY EFFICIENT:

- 100% certified electrical energy of renewable origin.
- Geothermal installation in Puerta Sur building.
- Low consumption lighting in our halls and on our modular stands.
- Controlling the temperature of our air-conditioning / HVAC systems.

IFEMA MADRID is in possession of "calculo" (I calculate) and "reduzco" (I reduce) stamps in Carbon Footprint Scopes 1 and 2.

WASTE MANAGEMENT:

- The exhibitor/assembler is the generator of the waste and shall therefore be responsible for its removal and management. How the waste generated by the exhibitor is managed is explained in article 35 of the General Rules of Participation.

- We offer our exhibitors a service that includes the removal and management of the waste they/their assemblers generate. (check our fees in Exhibitors' Area).

Carpet recycling:

IFEMA MADRID recycles 100% of the carpeting used in aisles and communal areas. To do so it has been essential to change our assembly and disassembly process, that affects the entry and removal of goods (check the corresponding item) . Furthermore, means that it has to be laid in strips instead of covering the entire surface area as was previously the case. This means we can guarantee its conversion into a new raw material for the subsequent manufacture of other products.

SUSTAINABLE MOBILITY:

IFEMA MADRID offers access to public transport close to its facilities (metro and bus), parking for electric cars with 100% renewable electricity charge points, as well as a parking area for bicycles and scooters

GUIDE TO SUSTAINABLE PARTICIPATION IN TRADE FAIRS/EVENTS:

IFEMA MADRID has published its Guide to Sustainable Participation in Trade Fairs for exhibitors on its website. We recommend you read it before starting to prepare your participation:
