MOMAD

## 1.1 Dates, Schedule, and Venue – Invited Sectors

**MOMAD will take place** at the IFEMA MADRID exhibition center from **February 5 to 7, 2026**, from 10:00 a. m. to 7:00 p.m.

Exhibitors may access the venue from 9:00 AM and must leave before 7:30 PM.

The virtual event through the liveconnect platform will be available from January 9 to march 14, 2026.

This is a professional trade fair.

### Invited Sectors:

Fashion, footwear, leather, clothing, textiles, costume jewelry, jewelry, accessories, and related equipment.

To request participation in the fair, it is required that the exhibitor's activity, whether a company, public or private entity, falls within the sectors covered by the event.

By clicking the submit button, the exhibitor confirms to IFEMA MADRID that they are seriously interested in participating and receiving a proposal.

From the same application portal, if the process is not completed, it is possible to request information and quotes, which does not constitute an official offer or require a reservation fee.

If the exhibiting company designates another entity to make any payments related to its participation, it must complete the corresponding section of the Participation Request. Changes to the billing company will not be authorized once the first invoice has been issued.

### FIRST AWARD

Exhibitors from the previous edition who **submit their Application Form before October 30, 2025**, have priority rights to keep the same space or request any modifications.

### NEW APPLICATIONS FOR PARTICIPATION

Applications to participate as exhibitors from the previous edition received after **October 15, 2025**, and those from new participants will be processed in the order in which the "Application to Participate" is received.

## 1.3 Contracting and Allocation of Spaces

The decision to accept the exhibitor will be at the discretion of IFEMA MADRID, taking into account the purpose of the fair and the availability of space.

IFEMA MADRID will make one or more space/location proposals depending on the participation modality and/or the type and size of the stand requested. This proposal constitutes a contracting offer. If the contracting party accepts the **offer/quote in writing/ via email/ signature, or during the space selection meeting**, they will be formalizing the participation contract in the fair, which is a binding and irrevocable commitment for the applicant.

The space will be allocated upon written acceptance by the exhibitor.

The exhibitor will receive the exhibition contract along with the account statement and location plan with the dimensions of their stand/s. From that moment, they can access the Expo Zone portal to manage their participation.

It is essential to make the payments indicated in the contract within the established deadlines.

# 1. HOW TO PARTICIPATE. REGULATIONS

## 1.4 Participation Modalities

- **Exhibitor:** A natural or legal person who has a space in the event. The exhibiting company is the one in whose name the Participation Request is completed. The exhibitor has the option to contract a modular “turnkey basic” stand, EGO, sustainable, or 4.0, or rent only the space to build their own custom-designed standno
- **Co-Exhibitor:** A natural or legal person participating within the stand of a main exhibitor, contracting directly with them. The main exhibitor must register their co-exhibitors through the Expo Zone portal and each co-exhibitor must complete a Participation Request as a co-exhibitor in the fair (see section 2.3).
- **Group Participations:** These are organizations, institutions, or associations that request a total space for the participation of their represented companies, which will be the exhibitors at the fair. Once the meters are requested, if they need to reduce their participation, they will have until June 16 to indicate it and may not reduce more than 15% of the total space requested.

Group participations can be of two types:

- With companies registered as direct exhibitors, and therefore, with all exhibitor rights.

# 1. HOW TO PARTICIPATE. REGULATIONS

## REGULATIONS AND ASSEMBLY OF YOUR SPACE

**Installation of recyclable carpeting in common areas:** in line with IFEMA MADRID's commitment to the 2030 SDGs (Sustainable Development Goals of the United Nations), as stated in the Sustainable Participation Guide for Fairs and Events, and with the aim of optimizing the process of installing and removing recyclable fair carpeting for subsequent reuse and the consequent elimination of protective plastic at the source, the entry and exit times for goods must be adapted to these processes and will be reflected in the corresponding section. Thank you for your collaboration with our environmental commitment.

IFEMA MADRID carpets the aisles throughout the fair, and for sustainability reasons, it does so with reusable strips of standard sizes, leaving a small strip of the aisle at the edges bordering the stands uncovered. These uncovered strips **are part of the aisle, not the stands, and therefore the exhibitor is not authorized to cover or decorate them.** We ask for the exhibitor's cooperation in respecting this decision; IFEMA MADRID staff will monitor its compliance as much as possible and will require the removal of any carpet that invades these strips. If, despite the controls, the strip is still invaded, **the invaded aisle space will be billed to the exhibitor as space**

## Modular or Turnkey Stands. Regulations and Customization

All modular stands that include interior decoration with panels, profiles, totems, platforms, trusses, etc., must **MANDATORILY UPDATE their project in the EXPO AREA before January 25, 2026.**

The removal or replacement, by the exhibitor, of any element of the modular stand does not imply a reduction in cost. All material used, both structural and electrical, is on a rental basis, and any deterioration will be invoiced according to the current rate.

**The distribution of all elements that make up the stand, the additional services requested, as well as the structural elements necessary for the support of the stand, will be adapted to the needs of the exhibitor, provided that it is technically feasible, and the plan with the relevant indications IS UPLOADED TO THE EXPO AREA 15 days before the start of the assembly: January 18, 2026.**

Once the stand has been assembled, the relocation of any elements that were not communicated by the established date will be billed

## Free Design Stands. Regulations and Assembly

Companies that choose to construct free-design **stands must UPLOAD their project to the EXPO AREA** for approval **before December 30, 2025**.

**If your project involves rigging structures, you must complete the Application to hang structures/rigging | IFEMA MADRID for a specific project before December 30, 2025.**

### Assembly Rights

The company responsible for the assembly work of a stand must pay IFEMA MADRID, before beginning such work, the corresponding assembly rights for the services provided during the fair's assembly and disassembly period. If, as the main exhibitor, you want to assume the payment of these assembly rights and have it included in your invoice, you must hire them in the Expo Area.

Depending on the different use of facilities and services, the assembly rights fees for the entire stand, including second floors, will be as follows:

#### Type A Rate:

Spaces without decoration covered by carpet or platform: 2.77 €/m<sup>2</sup> + VAT (1)

#### Type B Rate:

Basic modular stands made of aluminum or similar: 5.56 €/m<sup>2</sup> + VAT (1)

#### Type C Rate:

Modular stands with design in aluminum, carpentry, and other materials: 8.85 €/m<sup>2</sup> + VAT (1)

To be more efficient and provide better service, while avoiding issues with assembly, IFEMA MADRID has started applying **a late hiring surcharge for the assembly rights, just as with the rest of our services.**

This surcharge increases the price by 25% when the hiring is done during the week prior (7 days before) the start of the assembly, during the assembly, event, and disassembly periods.

We remind you that the assembly rights apply to free design stands and can be hired with a 5% discount if contracted up to 30 days before the start of the fair's assembly

## SPECIFIC ASSEMBLY RULES FOR FREE DESIGN STANDS

## 1.9 Specific rules of participation

The decision to accept the exhibitor will be at the discretion of IFEMA Madrid taking into account the purpose of the fair and the availability of space.

The minimum surface area for contracting is 10m<sup>2</sup>.

The management of the fair may alter the assigned spaces or make changes in the distribution of the pavilions for organizational reasons.

Without prejudice to the Management of the fair informing exhibitors in the event of relocation or significant alteration of the reserved location, each exhibitor is obliged to inform himself of the location of his stand, its exact dimensions, etc.

No exhibitor or visitor who cannot be accredited as belonging to the participating professional groups is allowed access, even if they have the corresponding pass or invitation.

The exhibitor is obliged to attend his stand and remain with the products exhibited during the entire period and opening hours of the event. Failure to comply with these regulations could mean the loss of the right to preferential renewal of the space allocated. The direct sale of any type of articles exhibited at the fair is strictly forbidden.

The exhibitor authorizes IFEMA MADRID the possible total or partial reproduction of the products exhibited in its promotional material.

The exhibitor undertakes to respect the rules and guidelines for the protection of the environment.

Activities that may disturb other exhibitors are prohibited and may not exceed 60 decibels.

Promotional activities, distribution and exhibition of samples, brochures, leaflets, flyers and all kinds of promotional material shall be carried out only within the space of each exhibitor. Activities requiring the contracting of a specific catering service during the fair will require the completion of the "Communication form for catering at stands" available at [ifema.es](http://ifema.es) and which should be sent to: [catering@ifema.es](mailto:catering@ifema.es)

Exhibitors are expressly prohibited from installing WIFI access points, either for INTERNET connection or for the presentation of other functionalities. The purpose of this measure is to avoid interference problems, both with the points that may be installed independently by each Exhibitor, as well as the access points of IFEMA MADRID. Such interference could cause the WIFI networks present not to work. For further information, please refer to Article 33 of the General Regulations for Exhibitor Participation in Exhibitions Organized by IFEMA MADRID.

## CANCELLATION

These Specific Rules, including the participation and assembly regulations in this chapter, are supplemented by the **General Regulations for Exhibitor Participation in Events Organized by IFEMA MADRID** which all exhibitors accept by virtue of being exhibitors

Regarding the additional services offered by IFEMA MADRID that the exhibitor has contracted prior to communicating the withdrawal, the cancellation fees established in Article 7 of the General Admission and Contracting Conditions for Events Organized by IFEMA MADRID will apply

**In case the fair is canceled due to force majeure**, amounts paid for items related to in-person participation will be refunded according to Article 15 of the **General Regulations for Participation** in Events Organized by IFEMA MADRID

The exhibitor's withdrawal from participation in the Event results in the termination of the contractual relationship between IFEMA MADRID and the exhibitor for all purposes. The withdrawal must be communicated to the Event Management in writing, and it will result in the loss of any amounts the exhibitor should have paid by the date of communication, in accordance with the payment schedule outlined in the Participation Request

If the withdrawal is communicated to the Event Management within thirty days before the event's opening, IFEMA MADRID may require the exhibitor to pay the full amount for the contracted space, even if it may later be occupied by another exhibitor
